EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 26TH FEB 23 - 26 FEBRUARI 2023

OVER DIT PROJECT

Create an elegant three-dimensional cake card featuring intricate embossed detail and sophisticated layered design. This white-on-white dimensional card showcases a decorative tiered cake with roses and ornate patterns, perfect for celebrations. The project uses the Quattro D four-stage technique combining stencilling, stamping, die-cutting and 3D embossing for a professional finish.

STAP 5 VAN 10

Position stencil three over your card panel. Apply gold sparkle paste through the spots and lines of the stencil to add luxury detail to your design.

STAP 6 VAN 10

Stamp the coordinating cake image over the stencilled base using black ink. Leave some white space around the stamped image for optional colouring later.

[BEKIJK DEZE STAP - 18:30](#)

STAP 7 VAN 10

Die-cut the stamped and stencilled cake design using the outline die from the set. This will cut around the outer edge of the cake, leaving some open space around it.

TIPS UIT DE SHOW

- You only need to use the registration hearts once; after the first time, you probably won't need them again.
- If you only have a couple of ink pads, you can go light to dark by pressing harder through each stencil stage.
- You can skip the stencils entirely if you prefer to colour the design yourself with your own mediums.
