HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant card featuring a pressed flower design with a perfume bottle motif. This project combines soft pink and yellow watercolour papers with delicate floral die-cuts for a sophisticated, feminine finish. The main techniques include layering patterned papers, die-cutting, and adding decorative elements for a mixed-media effect.

Take a previously made perfume bottle flower element with a pink flower and gold glitter bottle. Attach it to the left side of the card using foam pads for dimension.

STAP 8 VAN 9

Attach foam pads to the back of the die-cut flower. Position the flower dimensionally on the card front above the perfume bottle for a 3D effect.

Add a sentiment to the top of the card. The 'SMELL GOOD, FEEL GOOD' sentiment in gold and pink completes the design and ties together the perfume bottle theme.

TIPS UIT DE SHOW

- Use pre-made watercolour paper pads to save time on background creation.
- Do not be afraid to use your pattern paper off-cuts; they add texture and interest to your designs.
- You can stamp the Pressed Flowers stamp onto pattern paper and watercolour it for a different effect.
