

Daisy Delight glas-in-loodkaart

EEN PROJECT UIT ONZE LIVESHOW - ANYTHING GOES - 22 FEBRUARI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning slimline card featuring a bold daisy flower with a vibrant stained glass window effect. Using a layering stencil and stamp system, you'll build up warm coral, orange, and yellow tones to create a mosaic-style background that frames the detailed flower motif. This project combines stencilling techniques with stamping to achieve a dimensional, eye-catching design perfect for any occasion.

STAP VOOR STAP

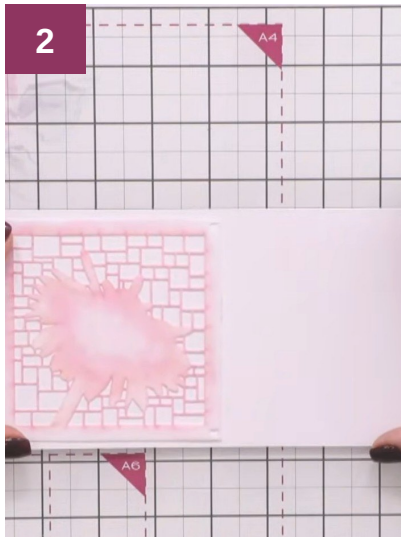

1

STAP 1 VAN 12

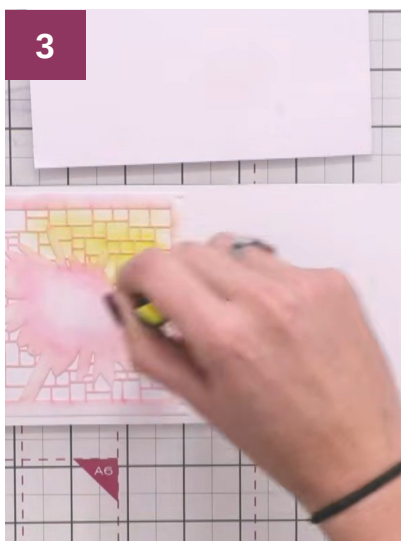

Trim your card stock to 5 by 7 inches. Use the stencil to mark and trim away the excess to create a slimline style card.

STAP 2 VAN 12

Locate stencil number one from your Daisy Delight set. Position it on your card base with the number facing towards you so you can read it.

STAP 3 VAN 12

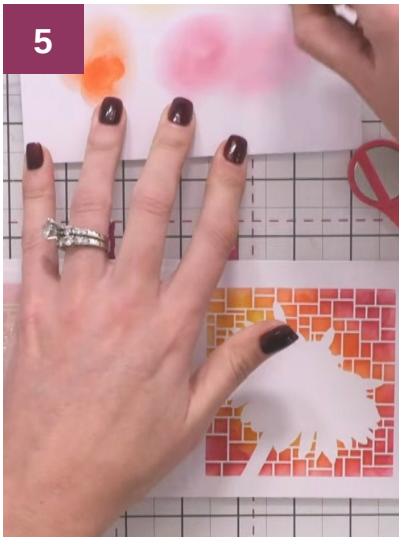

Apply yellow ink through the stencil using a brush, dabbing it over the flower area to create a soft halo effect. Ensure the brush is clean before applying the yellow ink to avoid colour contamination. Work the ink gently through the stencil openings to build up the colour gradually.

STAP 4 VAN 12

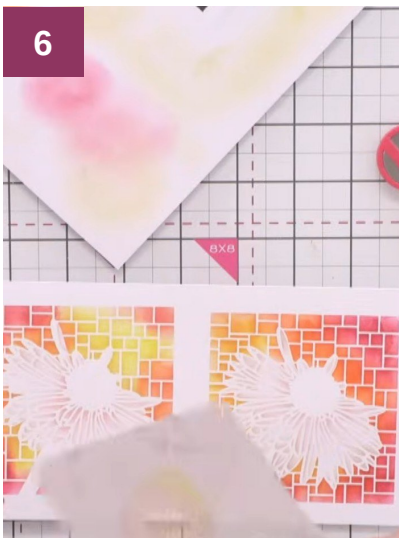

Position stencil number two on a second white card panel in the same way as the first, aligning it in the corner. Use magnets to hold it in place.

[BEKIJK DEZE STAP - 10:00](#)

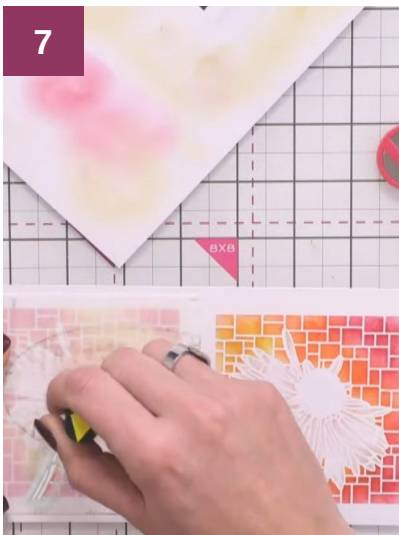

STAP 5 VAN 12

Use the daisy stencil with no ink or very faint grey ink to create a subtle white daisy design on your card. Hold the stencil firmly in place and blend gently to achieve a clean, delicate impression.

[BEKIJK DEZE STAP - 14:00](#)

STAP 6 VAN 12

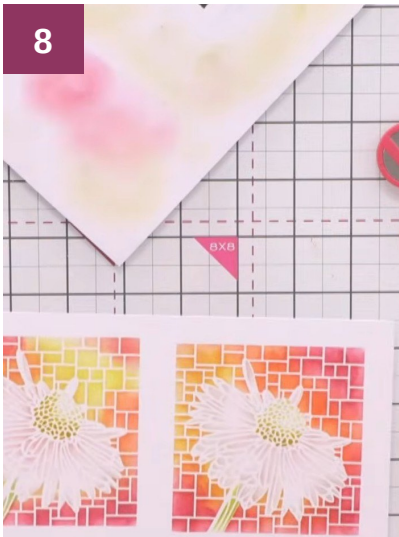

Take stencil number three and position it over the card panel to create the flower centre design.

[BEKIJK DEZE STAP - 15:30](#)

STAP 7 VAN 12

Apply yellow ink lightly all over the centre of the stencilled design. Add darker yellow ink at the base to create a gradient effect.

[BEKIJK DEZE STAP - 16:00](#)

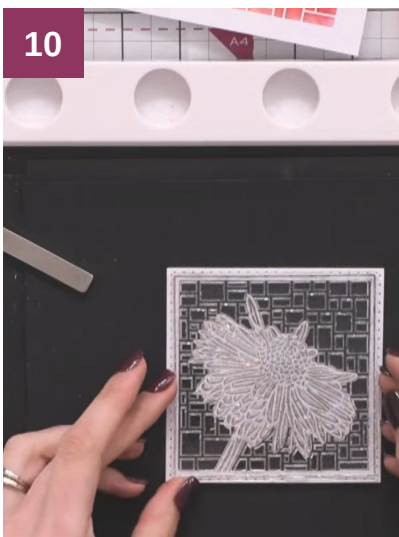

STAP 8 VAN 12

Position the light spot on the same side of both flowers for consistency. This creates a cohesive look across your stained glass design.

[BEKIJK DEZE STAP - 17:00](#)

STAP 9 VAN 12

Place the coordinating die-cut daisy stamp on top of your stencilled panel. Stamp in black ink to add detail and definition to the flower design.

[BEKIJK DEZE STAP - 19:00](#)

STAP 10 VAN 12

Place your die-cut daisy piece back into the die space on the black card. Hold it in position with a magnet, then stamp the brick pattern frame over the top to ensure perfect alignment.

11

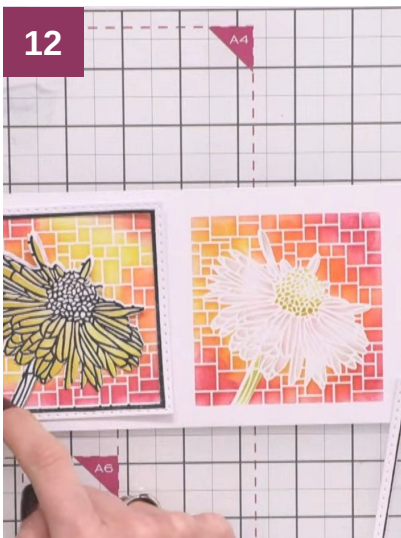

STAP 11 VAN 12

Carefully remove the stamped flower element from the centre of the white frame using a craft knife or scissors. This will leave just the decorative stitched border frame.

[BEKIJK DEZE STAP - 22:00](#)

12

STAP 12 VAN 12

Layer the stencilled panels together using foam pads for dimension. If desired, remove the black frame from the stamped image before layering. Add a sentiment using washi tape or stamps to complete your card.

TIPS UIT DE SHOW

- The stencils are numbered, so always follow the numbers in order for best results.
- You can leave the card totally flat or add dimension with foam pads and layering.
- Use blue, purple, or grey ink to create the appearance of white flowers.
