HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant card featuring a decorative star and divot background die-cut mounted on gold card, combined with a large bamboo stamp painted with iridescent gold accents and a sentiment. This sophisticated design uses a limited colour palette of white, green and gold. TIPS UIT DE SHOW

• The star die gives you the option to use it on the top, bottom or both edges of your card for flexibility in design.
• Pearl gold acrylic paint creates a lovely iridescent effect over green, almost like a verdigris finish.
• Use card scraps cut diagonally to add colour accents in corners; this is a frugal way to use leftover cardstock.
