White-on-White Embossed Aperture Card with Timeless Stitch Die

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT SHOW 8TH FEB - 8 FEBRUARI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant white-on-white dimensional card featuring an embossed aperture effect. Using the Timeless Stitch circular die set, you'll layer intricate die-cuts to build a stunning 3D frame with nested circles, perfect for showcasing stamped images or sentiments. This sophisticated monochromatic design relies on texture and depth rather than colour for its visual impact.

STAP 4 VAN 8

Check that all the die-cut pieces are completely adhered to the card front, pressing down any edges that may have lifted. Ensure the embossed design lies flat against the card base.

STAP 5 VAN 8

Add a shadow effect by dabbing a grey or pale blue ink pad around the edges of the embossed design using a small brush. Work gently to create subtle shading that enhances the dimensional effect.

TIPS UIT DE SHOW

- If you don't have embossing folders, this die-cut technique creates the same 3D embossed look affordably.
- You can twist the exterior die slightly off-centre for variety rather than keeping it symmetrical.
- Glue pieces down fully at home where you have time, unlike on a live show.
