

Layered Heart Panoramic Valentine's Card with Watercolour Sky

EEN PROJECT UIT ONZE LIVESHOW - MONDAY MADNESS - 6 FEBRUARI 2023

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning three-dimensional Valentine's card featuring nested heart die cuts with oriental landscape silhouettes layered inside. Set against a moody watercoloured sky background in soft pinks and blues, the design is enhanced with delicate cherry blossom details stencilled across the card. This romantic project combines die cutting, watercolour techniques, and dimensional layering for a truly impressive handmade card.

STAP VOOR STAP

1

STAP 1 VAN 16

Cut a red top fold card down to 4½ inches (11.4 cm) wide, keeping the standard length. Use a trimmer to make a clean, straight cut.

[BEKIJK DEZE STAP - 25:45](#)

2

STAP 2 VAN 16

Cut a white watercolour card panel measuring 4x7¾ inches. This will nest on the front of the red card base, creating a red border frame.

[BEKIJK DEZE STAP - 26:00](#)

3

STAP 3 VAN 16

Arrange nesting heart dies on your gridded cutting mat, using the centre line of each heart to space them evenly. Position the dies where you want the heart apertures to appear on your card.

[BEKIJK DEZE STAP - 26:30](#)

STAP 4 VAN 16

Secure the heart dies in position on the card using low-tack tape to prevent them from shifting during die-cutting.

[BEKIJK DEZE STAP - 27:15](#)

STAP 5 VAN 16

Place the watercolour card onto your cutting mat with the taped dies on top. Run through your die-cutting machine to cut out the heart shapes.

[BEKIJK DEZE STAP - 27:30](#)

STAP 6 VAN 16

Carefully remove the die-cut hearts from the white card panel, leaving them positioned to one side. The hearts should pop out cleanly from the die-cut apertures.

[BEKIJK DEZE STAP - 28:45](#)

STAP 7 VAN 16

Position the cherry blossom stencil over the card and apply redwood ink using a blending brush. Work in circular motions, varying the placement and pressure to create depth and interest across the design.

[BEKIJK DEZE STAP - 29:15](#)

STAP 8 VAN 16

Die cut the oriental landscape die onto black card. Position the die carefully so you can use both sides of the design and cut into it as needed to maximise the card.

[BEKIJK DEZE STAP - 30:30](#)

STAP 9 VAN 16

Remove the die-cut landscape pieces from the black cardstock. Use a pokey tool to carefully pop out any small windows or intricate cut-out areas from the pagoda landscape design.

[BEKIJK DEZE STAP - 32:15](#)

10

STAP 10 VAN 16

Cut sections of the black landscape die-cut to fit inside each heart opening on the card front. Position the landscape pieces so they frame nicely within the heart shapes, showing different scenic elements in each heart.

[BEKIJK DEZE STAP - 33:30](#)

11

STAP 11 VAN 16

Glue each landscape section to the back of the corresponding heart aperture, working from the top heart down to the bottom. Apply wet glue to the lower portions of each landscape piece to secure them in place.

[BEKIJK DEZE STAP - 34:15](#)

12

STAP 12 VAN 16

Wet a strip of watercolour card with clean water using a brush. Apply purple watercolour in bands across the wet card, allowing the colour to bleed.

[BEKIJK DEZE STAP - 36:30](#)

13

STAP 13 VAN 16

Add bright red watercolour underneath the purple stripes, allowing the colours to blend and bleed together naturally on the card.

[BEKIJK DEZE STAP - 37:15](#)

14

STAP 14 VAN 16

Add deep blue watercolour to the sky area to create a moody night sky effect. Blend the colours together using a drier brush to soften the transitions between the pink and blue tones.

[BEKIJK DEZE STAP - 38:00](#)

15

STAP 15 VAN 16

Dry the watercoloured background with a heat gun. Turn the card over to flatten any curl.

[BEKIJK DEZE STAP - 39:00](#)

16

STAP 16 VAN 16

Apply tape runner adhesive to the back of the watercoloured panel. Position and adhere it to the inside back of the red card base, behind the heart aperture, to create the sky background.

TIPS UIT DE SHOW

- Use a gridded mat to line up nested dies evenly so your hearts are perfectly spaced.
- Watercolours will dry paler than they appear wet, so don't be afraid to apply bold colours.
- Scraps of watercolour card left over from other projects work perfectly for creating dramatic sky backgrounds.
