

Halo Blended Background with Lifted Star Stencil Card

EEN PROJECT UIT ONZE LIVESHOW - FRIDAY LIVE LAUNCH - 3 FEBRUARI 2023

OVER DIT PROJECT

Create a beautiful card featuring a soft pink halo background with a delicate lifted star pattern. Using blending brushes and pink inks, you'll build up a graduated colour wash from the centre outward, then use a damp tissue and stencil to lift out subtle star shapes from the darkest area. This elegant technique produces a dreamy, ethereal effect perfect for special occasion cards.

STAP VOOR STAP

1

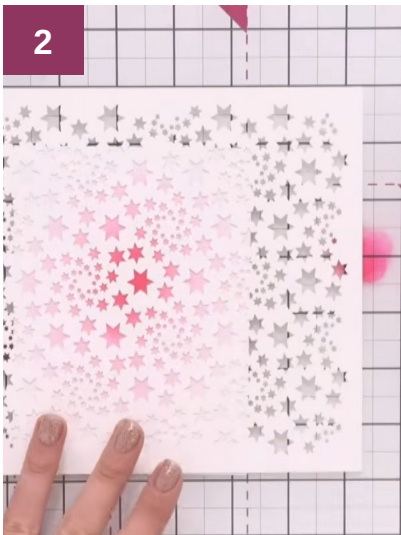

STAP 1 VAN 6

Apply magenta ink to the centre of your white card stock using a blending brush. Work in circular motions outward from the centre to create a soft halo effect of colour.

2

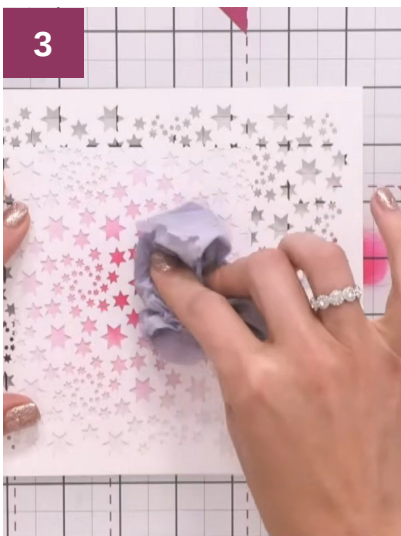

STAP 2 VAN 6

Position your star cluster stencil in the centre of the halo where the pink colour is darkest. The stencil should cover the most intensely coloured area of your blended background.

3

STAP 3 VAN 6

Dampen a piece of tissue paper by spraying it with water. Use the damp tissue to lift stars from the centre of the stenciled design, creating a halo effect.

4

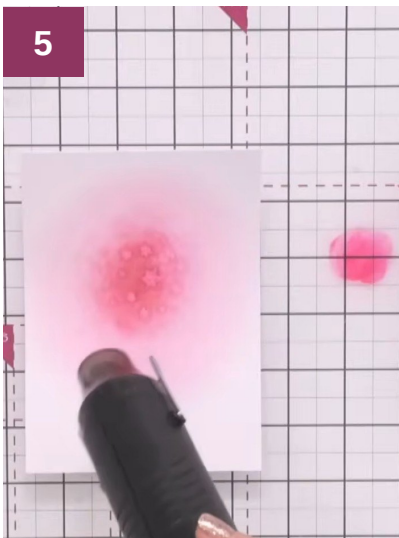

STAP 4 VAN 6

Push a damp tissue through the stencil openings to lift colour away from the centre, revealing the white star pattern beneath. Work gently to remove the pink and grey ink whilst the stencil is still in place.

5

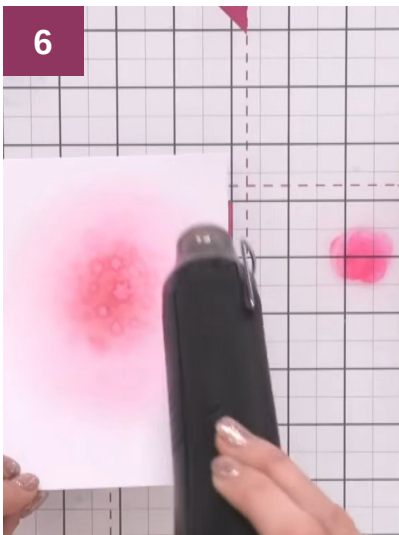

STAP 5 VAN 6

Use a heat gun to dry the card completely. This will set the lifted stencil design and bring the stars into sharp focus against the pink halo background.

6

STAP 6 VAN 6

Stamp a sentiment at the bottom of the card using the Magenta ink pad for a tone-on-tone effect. Position the stamp carefully to ensure it sits neatly below the stencilled design.

TIPS UIT DE SHOW

- Spraying the card with water before stamping gives the card a chance to drink the ink.
- Tone-on-tone stamping creates subtle dimension without requiring multiple colours.
