EEN PROJECT UIT ONZE LIVESHOW - FRIDAY LIVE LAUNCH - 3 FEBRUARI 2023

OVER DIT PROJECT

STAP 1 VAN 7

Create an ink swipe background by dragging yellow ink across your white card stock in horizontal strokes using an ink cube. Work from one edge towards the centre to create a graduated colour effect.

STAP 3 VAN 7

Press your solid stamp into the coloured ink pad to pick up ink on its surface. Then press your detailed stamp into the same ink pad so that the raised areas pick up the colour from the inked solid stamp beneath.

STAP 4 VAN 7

Kiss the two stamps together by pressing the detailed stamp onto the solid stamp to transfer the ink pattern. Hold them firmly together for a few seconds to ensure good ink transfer.

STAP 6 VAN 7

Position the honeycomb stencil over your card and apply yellow ink through it to connect the design elements. Use a blending tool or sponge to dab the ink through the stencil openings, creating texture between the stamped images.

STAP 7 VAN 7

Stamp a sentiment onto the card using the orange ink to complete the design. Position the sentiment in a clear area of the card where it will be easily readable.

TIPS UIT DE SHOW

- Kiss stamping is a cool technique where you press a detailed stamp into the ink on a solid stamp to transfer the pattern.
- You can get multiple impressions from one kiss stamping setup by re-inking and repeating.
