OVER DIT PROJECT

Create a charming layered card featuring adorable sheep designs built up with stencils and stamps. STAP VOOR STAP

STAP 1 VAN 8

Position the first sheep stencil layer over your card panel. Apply distress ink in Peacock Feathers (or your chosen blue colour) through the stencil using a blending tool or sponge, working the colour evenly over the cloud shapes.

TIPS UIT DE SHOW

- Don't be afraid to use unrealistic colours for your sheep – they look cool and creative.
- Distress inks can be pulled out easily with water to create soft, blended effects.
- Ground floating elements with a subtle wash of colour to anchor them to the page.
