

Layered Scene Card with Acetate Window and Bunny Vignette

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 17 JANUARI 2023

OVER DIT PROJECT

Create a charming layered scene card featuring adorable bunnies in a soft pink and grey colour palette. This elegant top-fold card showcases a cut-out window with clear acetate backing, revealing stamped bunny characters positioned on white layered hills that create beautiful depth and dimension. The design incorporates vintage-style floral imagery and music notes, with the scene viewable from both front and back for an interactive, three-dimensional effect.

TIPS UIT DE SHOW

- Only glue the base of the hill layers so you can tuck bunnies behind them for a three-dimensional effect.
- You can continue the hill scene on the inside back of the card for a cohesive look when viewed through the acetate.
- Add green ink blending, grass details, or sparkle to the tops of the hills to enhance the scene.
