STAP 3 VAN 12

Line up your next stencil by matching it with the inked registration marks you created on the card. Position the stencil carefully to ensure proper alignment before applying colour.

STAP 4 VAN 12

Position the second stencil from the layering set over your card and apply ink through it to build up the design with dimension. The stencil shows the outline of the high-heeled shoe with 'Special Wishes' text.

[BEKIJK DEZE STAP - 2:45](#)

STAP 5 VAN 12

Position your third stencil (the 'Special Wishes' design) over the card, aligning it with the heart registration marks. Stamp the design onto the card to create the third layer of your Quattro-D image.

[BEKIJK DEZE STAP - 2:45](#)

STAP 6 VAN 12

Stamp the coordinating shoe design from the Stamps By Me set onto your layered stencil work using the clear stamp. Position the stamp carefully over the stencilled background to create the complete image.

[BEKIJK DEZE STAP - 3:00](#)

STAP 7 VAN 12

Stamp the outline stamp around the main shoe design to add crispness and definition. This creates a high-end luxury finish to the layered image.

[BEKIJK DEZE STAP - 3:15](#)

STAP 8 VAN 12

Die-cut the shoe component using the coordinating die from your Quattro-D set. Line up the die over the stamped image as accurately as possible and run through your die-cutting machine.

[BEKIJK DEZE STAP - 3:30](#)

STAP 9 VAN 12

Place the die-cut shoe component into the front of the 3D embossing folder, ensuring it is lined up correctly with the embossing design.

[BEKIJK DEZE STAP - 3:45](#)

**STAP 10 VAN 12**

Place the stamped card into the embossing folder and run it through your die-cutting machine using the correct plates and settings for your machine to create a raised embossed effect.

[BEKIJK DEZE STAP - 3:45](#)**STAP 11 VAN 12**

Carefully remove the embossed component from the card front to reveal the 3D elevated effect created in the centre of your design.

[BEKIJK DEZE STAP - 4:00](#)**STAP 12 VAN 12**

If desired, add embellishments such as sequins or gems to enhance your design. Check that all layers are securely adhered and your card is complete.
