3D Chocolate Train Gift Box with Carriages

EEN PROJECT UIT ONZE LIVESHOW - MONDAY MADNESS - 5 DECEMBER 2022

HET EINDRESULTAAT

OVER DIT PROJECT

Create a charming 3D chocolate train gift box complete with carriages, perfect for festive gifting. This delightful project features a decorative locomotive and multiple carriages decorated with festive patterns including polka dots and gingham checks, designed to hold chocolates and small treats. The main techniques include die-cutting, paper assembly, and dimensional construction to create a freestanding display piece.

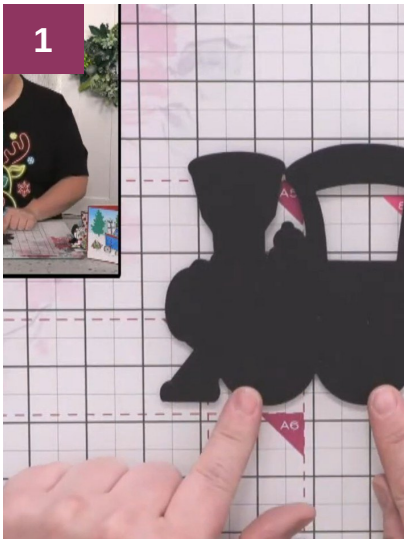
STAP VOOR STAP



STAP 1 VAN 16

Cut two pieces from black card using the large train die to create the front and back of your train engine.

BEKIJK DEZE STAP - 29:15

STAP 2 VAN 16

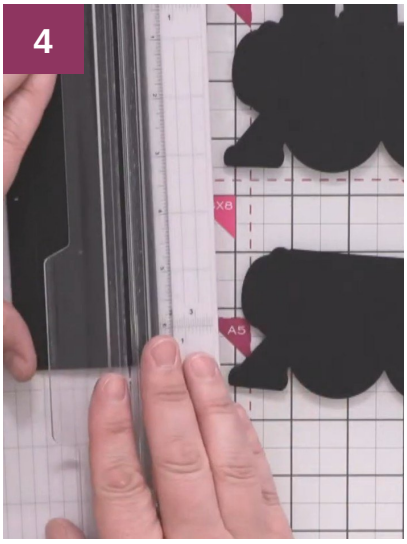
Cut the second train piece in half horizontally across the window line. Keep only the lower half to create the box-like back section of the train.

BEKIJK DEZE STAP - 30:30

STAP 3 VAN 16

Cut a piece of card measuring 6.5 by 2.5 inches using a scoring cutter. Score at half an inch all the way down the length of the card.

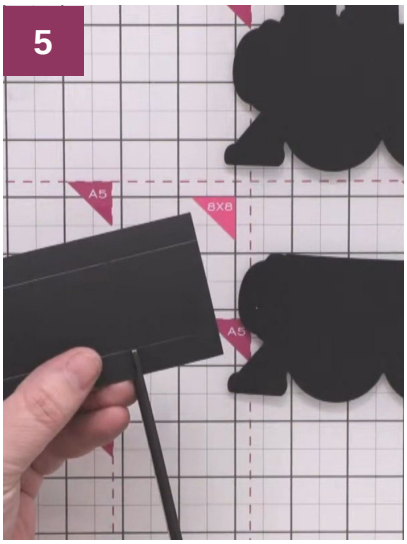
BEKIJK DEZE STAP - 31:00



STAP 4 VAN 16

Score the black card at half-inch intervals down the length. Then score at 1.5 inches across the width to create fold lines for the box structure.

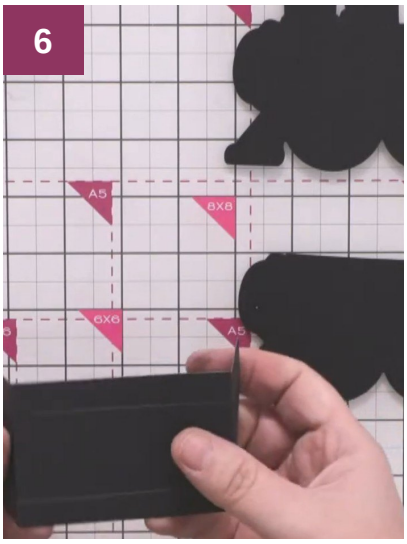
BEKIJK DEZE STAP - 31:15



STAP 5 VAN 16

Make small snips into the scored black card at the corners to allow the sides to fold up and create the box shape.

BEKIJK DEZE STAP - 32:00

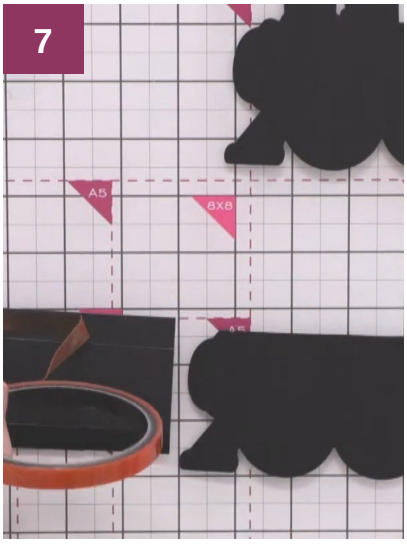


STAP 6 VAN 16

Fold all the scored lines on the black card piece to create the three-dimensional box structure. Give each fold a good crease to ensure crisp edges.

BEKIJK DEZE STAP - 32:15

7

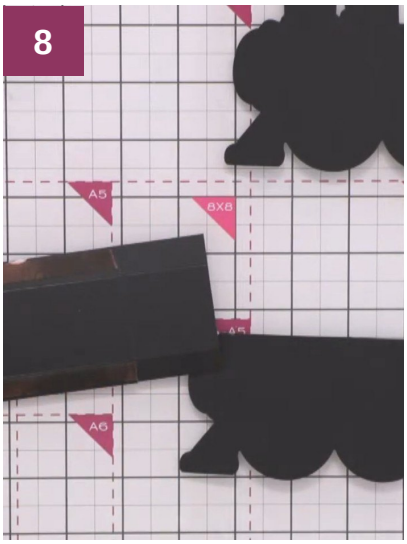


STAP 7 VAN 16

Apply red liner tape to the two long edges of the black box structure piece.

BEKIJK DEZE STAP - 32:45

8

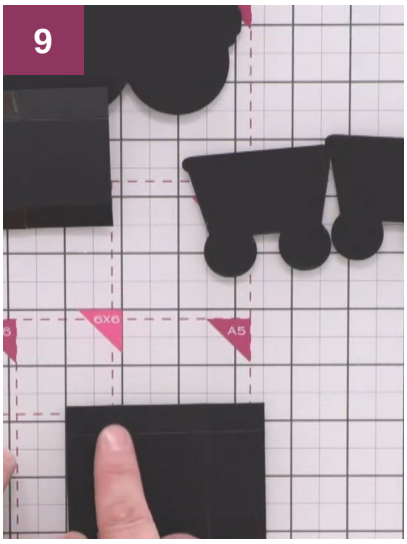


STAP 8 VAN 16

Cut two carriage pieces from black card using the carriage die. These pieces will be the same size, unlike the train which has a shortened back.

BEKIJK DEZE STAP - 33:00

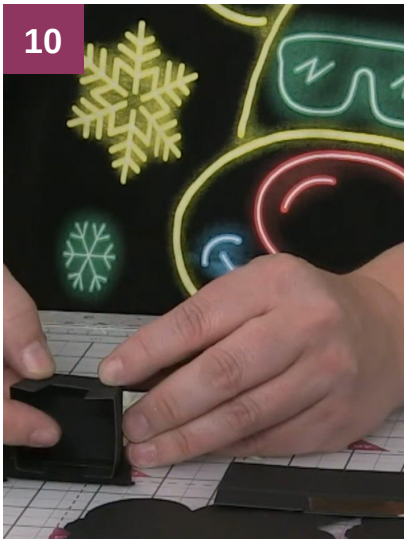
9



STAP 9 VAN 16

Cut a piece of black card measuring 3.5 by 2.5 inches for each carriage's structural base.

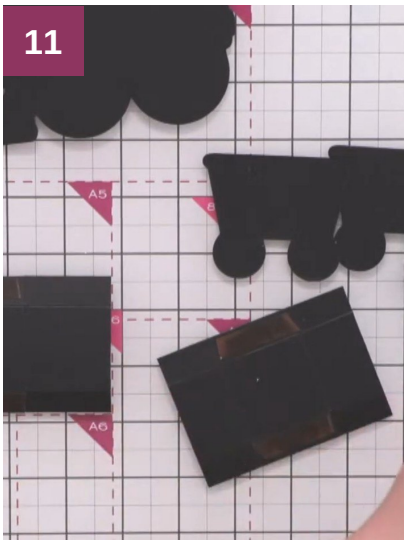
BEKIJK DEZE STAP - 34:15



STAP 10 VAN 16

Score the carriage base card at one-inch intervals and half-inch intervals to create the smaller box structures for the carriages.

BEKIJK DEZE STAP - 34:30



STAP 11 VAN 16

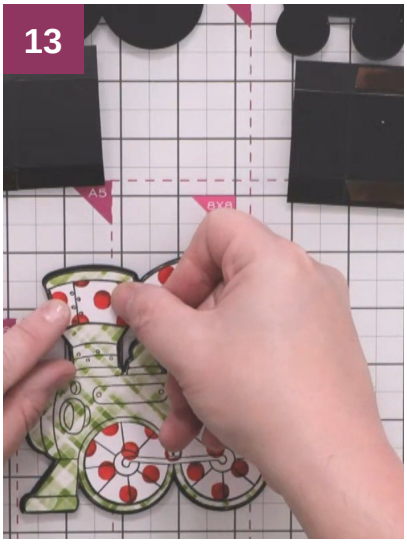
Apply red liner tape to the edges of the black carriage base pieces. Trim off any excess tape with scissors.

BEKIJK DEZE STAP - 34:45

STAP 12 VAN 16

Paper-piece the front of the green train by gluing coloured and patterned card pieces onto the black die-cut train shape. Add details such as wheels, door panels, and decorative elements using coordinating papers.

BEKIJK DEZE STAP - 35:15



STAP 13 VAN 16

Paper-piece the front of each carriage in the same way, using coordinating colours and patterns. The train features green striped patterns whilst the carriages use red polka dot designs.

BEKIJK DEZE STAP - 36:30

STAP 14 VAN 16

Fold in the scored sides of the black box base and attach it between the front and back train pieces using red liner tape to complete the train assembly.

BEKIJK DEZE STAP - 39:15

STAP 15 VAN 16

Assemble each carriage by folding the scored base and attaching it between the front and back carriage pieces. Hold the pieces in position whilst the adhesive sets.

BEKIJK DEZE STAP - 40:00

STAP 16 VAN 16

Apply red liner tape to the underside of the train and carriages where marked with crosses. Fold the tape in to secure it, creating attachment points for the connecting string.

BEKIJK DEZE STAP - 40:45

TIPS UIT DE SHOW

- Use black card as a base as it hides all the joins and gluing points nicely.
- Red liner tape is very sticky and holds string securely in place.
- You can personalise the project by placing photographs or names on each carriage, or use it as an advent calendar with 24 carriages.
