

Lamination-kaart met vogels in aquareleffect

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 29 NOVEMBER 2022

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning masculine card featuring watercolour-style birds in beautiful purple and black tones. This project uses the two-part lamination stamp technique, where you'll colour the solid bird stamp with inks and water spray, then layer it with the detailed outline stamp to achieve a realistic, artistic effect. The finished card is mounted on a black frame with an inspirational sentiment about gratitude.

TIPS UIT DE SHOW

- The lamination technique doesn't require precise alignment – even if the outline isn't perfectly lined up, it still looks beautiful and artistic.
- You can use the solid portion without the outline, or the outline without the solid portion, depending on the effect you want.
- Refer to the QR code on the packet for detailed videos showing the lamination technique in action.
