

Kaart met aquarel-bubbelachtergrond

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 8 NOVEMBER 2022

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful hand-painted watercolour background card featuring soft, overlapping bubble effects in delicate pink, purple and blue tones. Using circular lids and water, you'll produce seamless colour blending to form an elegant, artistic backdrop. Complete your card by adding a stamped lady figure with coloured details for a sophisticated, contemporary finish.

STAP VOOR STAP

1

STAP 1 VAN 10

Gather two circular lids of different sizes to use as templates.

Place them on your watercolour card background to plan your bubble design.

2

STAP 2 VAN 10

Mix several watercolour puddles on your palette using colours that work well together. Create thick, consistent puddles in shades such as blue, pink, green, orange, and yellow.

3

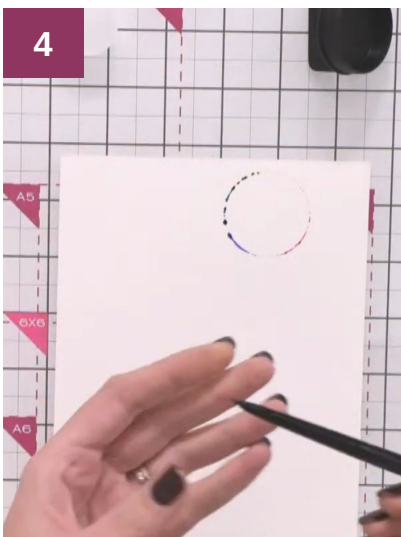

STAP 3 VAN 10

Dip the larger circular lid into one of the watercolour paints. Stamp it onto the watercolour card to create a ring impression.

4

STAP 4 VAN 10

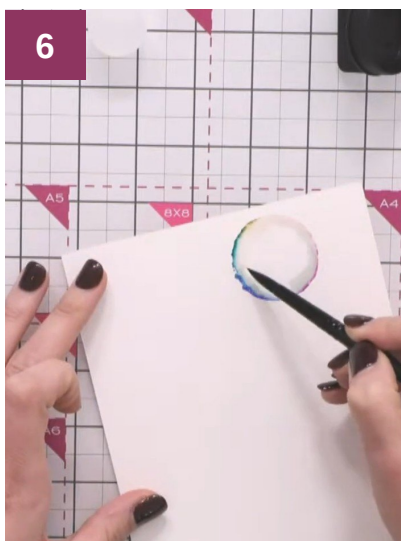

Load a wet brush with clean water and gently drag the colour from the edge of the watercolour ring outward, creating a soft bleed effect.

[BEKIJK DEZE STAP - 10:00](#)

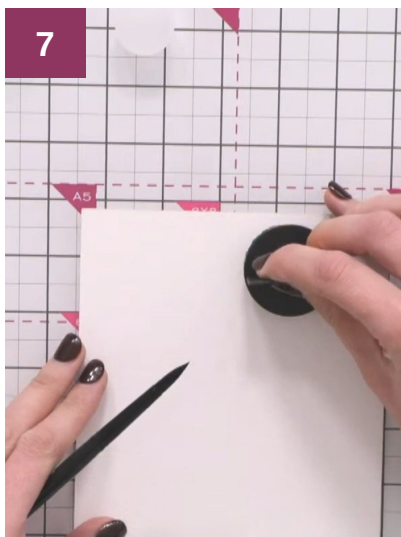

STAP 5 VAN 10

Clean your brush thoroughly before changing colours to avoid muddy mixing and maintain colour separation. Leave some white space on the card to create visual interest.

[BEKIJK DEZE STAP - 10:30](#)

STAP 6 VAN 10

Leave a white space or halo on one side of each bubble to create dimension and suggest light direction. Use your brush to deliberately leave this area unpainted as you work around the bubble's edge.

[BEKIJK DEZE STAP - 10:45](#)

STAP 7 VAN 10

Dip the lid back into the ink and stamp it onto the card again to add more colour. Repeat this process with different colour combinations to create layered bubble effects across your background.

[BEKIJK DEZE STAP - 11:00](#)

8

STAP 8 VAN 10

Use a smaller circular lid to stamp additional bubble outlines on the card. Vary the sizes and positions, connecting some bubbles to the larger ones for visual interest.

[BEKIJK DEZE STAP - 12:00](#)

9

STAP 9 VAN 10

Add random splats of colour across the background using your brush for extra texture and movement. Manipulate the design as desired to create an organic, flowing effect.

[BEKIJK DEZE STAP - 13:00](#)

10

STAP 10 VAN 10

Allow the watercolour bubble background to dry completely before adding any stamped sentiments or additional embellishments to your card.

TIPS UIT DE SHOW

- If you don't have watercolour card, normal cardstock will work but avoid over-saturating it with water as it may peel.
- Keep changing your brush colour between each application to maintain the bubble effect; if you blend all colours together, you'll lose the distinct halo appearance.
- Leave white space intentionally on all bubbles to create the illusion of light coming from the same direction across the entire background.
