

Kerstkaart met kerstballen

EEN PROJECT UIT ONZE LIVESHOW - BRAND SHOWCASE - 4 NOVEMBER 2022

OVER DIT PROJECT

Create a festive Christmas card featuring three decorative baubles hanging from gold string against a soft blue background. The dimensional ornaments are made from die-cut circles in purple, teal, and red cardstock, embellished with gold foil patterns and stars. Complete the design with a gold border, embossed tree details, and a 'Merry Christmas' sentiment for a modern festive look.

STAP VOOR STAP

STAP 1 VAN 8

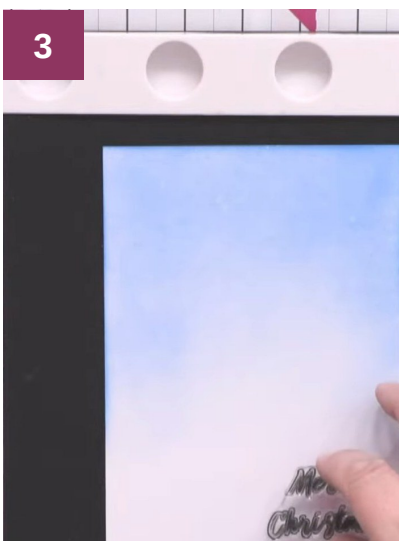

Using blue distressed ink, stamp onto white cardstock to create a sky background. Deepen the colour at the top of the card and blend down to white at the bottom to represent a snowy horizon.

STAP 2 VAN 8

Apply water to the distressed oxide ink using a round brush to create reactive effects. Lift off excess colour with paper towel to add depth and dimension to the background.

STAP 3 VAN 8

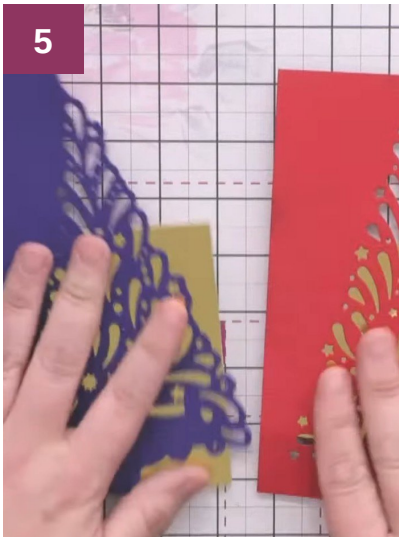

Stamp a sentiment onto the blue cardstock using embossing ink. Heat set the embossing with a heat gun to create a reflective gold finish.

STAP 4 VAN 8

Die-cut the decorative Christmas tree design from red cardstock. Repeat with purple cardstock to create a second tree die-cut. Position the purple tree die-cut on the card base to create a layered bauble effect.

STAP 5 VAN 8

Layer the die-cut coloured cardstock pieces together, aligning them to create dimensional Christmas tree shapes. The purple piece goes on gold, the red piece on gold, and the teal piece on gold to create three separate baubles in different colours.

STAP 6 VAN 8

Attach gold embroidery thread to the back of each bauble using small pieces of tape. Position the baubles to hang naturally on the card front, ensuring the threads are visible above each bauble.

STAP 7 VAN 8

Attach the bauble circles to the card front using foam pads to create dimension. Layer them over the gold wire design, positioning them at varying heights for visual interest.

STAP 8 VAN 8

Die-cut small trees from the Botanical Beauty paper stack and glue them into the corner spaces of the card to complete the design.

TIPS UIT DE SHOW

- You can use the tree die in different ways - cut it without the top section to create a bauble shape instead of a traditional tree.
- If you cut six tree shapes and fold them in half, you can create 3D baubles that stand away from the card.
- The small trees included in the kit can be lifted up to give extra texture and dimension to your design.
