Die-cut the painted design using a shaped edge die. Centre the floral image on the cutting mat, ensuring it doesn't overlap the die plates. Press down firmly to cut through.

TIPS UIT DE SHOW

- Don't be afraid to leave white areas unpainted - sometimes less colour creates a better effect than colouring everything.
- Use a round brush for watercolour application, though a fan brush gives more random flicks if preferred.
- Water down the watercolour slightly so it's not too intense, especially when using pastel shades.
