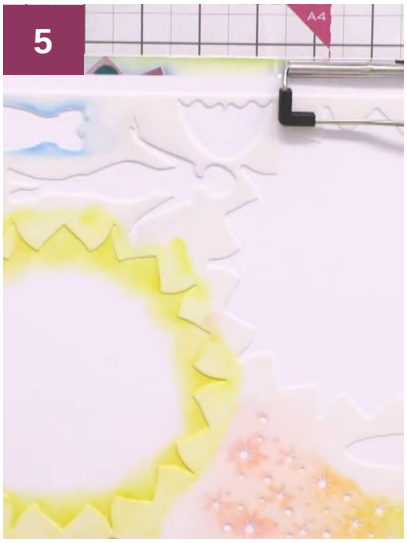
STAP 4 VAN 8

Apply yellow ink through the stencil opening around the central area, building up the layered mandala effect. Use a blending brush to work the colour through the stencil, creating a soft halo around the centre.

BEKIJK DEZE STAP - 16:45



STAP 5 VAN 8

Continue working around the mandala, twisting the stencil and applying yellow ink through each section. Build up the complete circular sunburst design by repeating the process around the entire stencil.

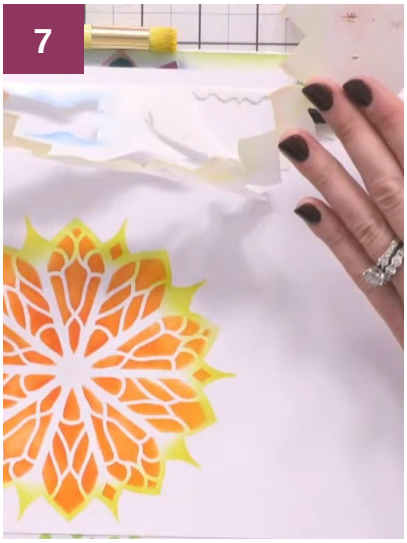
STAP 6 VAN 8

Add depth and definition by going back over sections with a darker shade of the same colour. Focus on creating shadow areas around the edges of the stencilled shapes to enhance the layered effect.

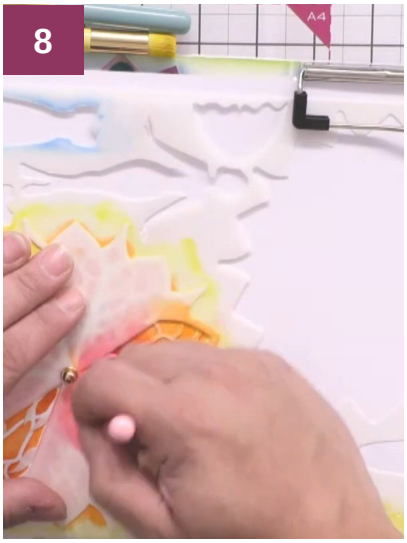
BEKIJK DEZE STAP - 18:30



STAP 7 VAN 8

Allow the ink to dry completely before carefully removing the stencil from the card. Lift the stencil slowly to reveal the yellow and orange mandala design beneath.

BEKIJK DEZE STAP - 23:00



STAP 8 VAN 8

Add a sentiment stamp or embellishment to the centre of your mandala if desired. This completes your layered ink mandala background card.

TIPS UIT DE SHOW

- Start your brush strokes off the stencil edge rather than directly on it to avoid brush marks showing through.
- The stencil is made of 350 micron material, so it holds firmly in place without shifting.
- You can create backgrounds, build up lady figures with wings, or design butterflies using the same stencil system by selecting different sections.
