2

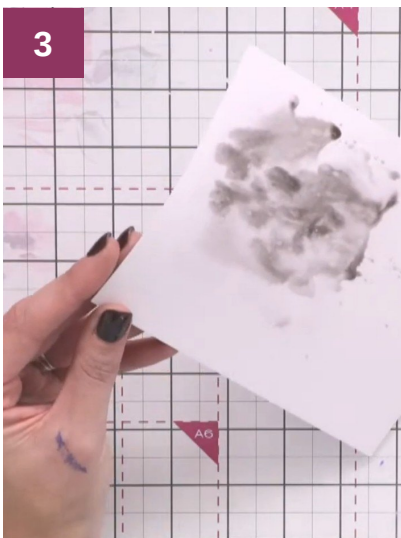

STAP 2 VAN 8

Mix a small puddle of black watercolour paint on your palette or mixing surface. Use a brush to blend the paint with water until you achieve the desired consistency.

3

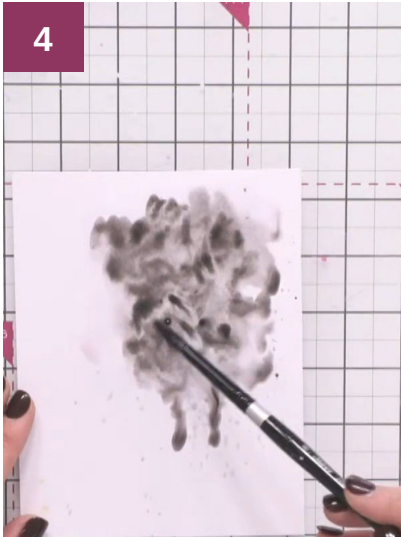

STAP 3 VAN 8

Drop black paint into the wet area on your card. Splat water onto the paint to create drips and movement across the surface.

[BEKIJK DEZE STAP - 22:15](#)

4

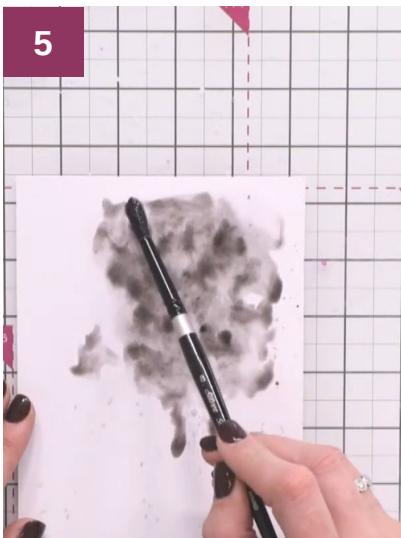

STAP 4 VAN 8

Allow the black watercolour paint to dry naturally on the white card. Do not use a heat tool as this may cause the paint to spread unevenly.

[BEKIJK DEZE STAP - 22:45](#)

5

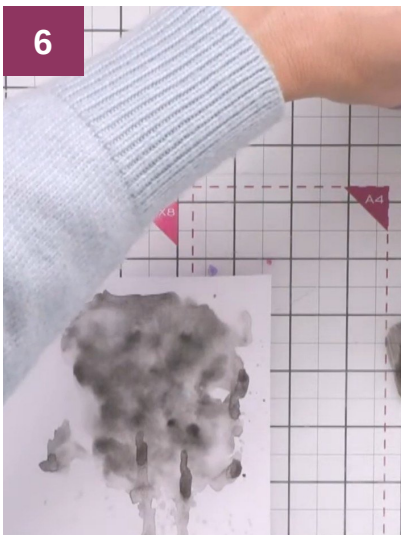

STAP 5 VAN 8

Mix more black paint with water. Using a paintbrush, paint random horizontal lines across the card to create a varied pattern.

[BEKIJK DEZE STAP - 23:00](#)

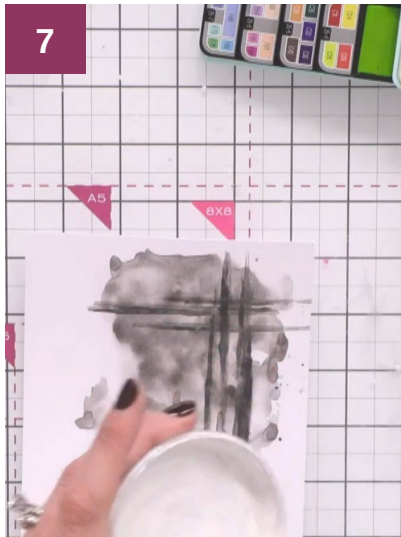

6

STAP 6 VAN 8

Mix white paint with water to create a diluted mixture. Use a fine liner pen or brush to add splats and lines across the card, creating texture and interest over the watercolour background.

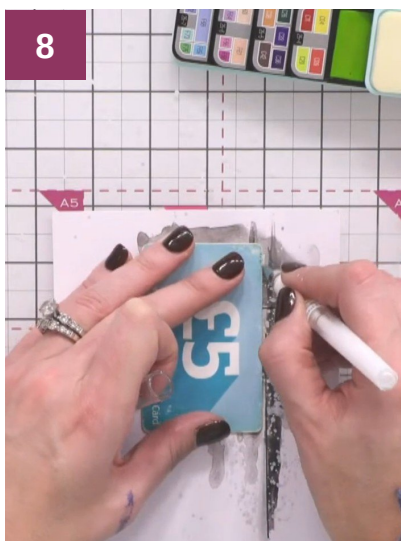

[BEKIJK DEZE STAP - 24:30](#)

STAP 7 VAN 8

Use a fine-liner pen or marker to add additional pen lines and details across the watercolour background. Draw lines in various directions to create texture and interest within the monochromatic design.

[BEKIJK DEZE STAP - 27:00](#)

STAP 8 VAN 8

Use a white pen to add small decorative details such as arrow ends or simple patterns to your card if desired.

TIPS UIT DE SHOW

- Use only one colour family for a monochromatic look, such as black, white and greys.
- You can use gel pens, fine-liner pens or markers to add detail on top of your watercolour background.
- Be creative and bring in all the components you have in your craft stash to add texture and dimension.
