3

STAP 3 VAN 9

Use a small brush with diluted ochre or yellow watercolour to paint around the white edges of your fussy cut stamped images. This pushes the white edge back visually and helps the images blend into your background.

TIPS UIT DE SHOW

• You don't need to fussy cut into all the fiddly details; roughly cutting around the outer edges saves time and looks just as good.
• Use a diluted ochre or yellow watercolour around the white edges to make your fussy cutting look neater and push the white edge back.
• Pounce colour onto the flowers rather than painting carefully; this keeps the artistic, carefree look that matches the background.
