

Waterside-kaart met rond venster

EEN PROJECT UIT ONZE LIVESHOW - IMALA COLLECTION 23 - 2 NOVEMBER 2022

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant waterside landscape card featuring a serene scene viewed through a circular aperture. Using watercolour techniques in soft greens, blues, and yellows, you'll build a peaceful countryside vista with reeds and water reflections. The circular frame creates a sophisticated focal point with beautiful dimensional interest.

WAT JE NODIG HEBT

- Imala - A5 Stamp - Waterside - 200822J

STAP VOOR STAP

1

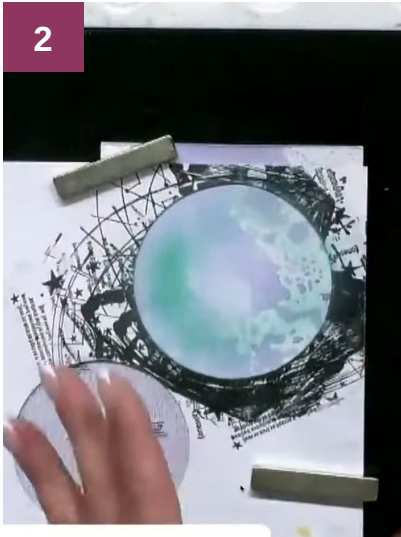

STAP 1 VAN 12

Apply light blue ink to a piece of white cardstock using a blending brush in a dabbing motion. Allow the ink to dry completely.

2

STAP 2 VAN 12

Cut a circular aperture from scrap cardstock to use as a stencil. This will create an opening through which you can apply ink or colour.

3

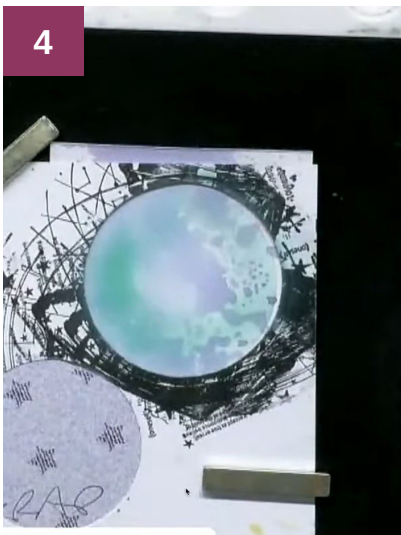

STAP 3 VAN 12

Position the aperture circle over your stamped and coloured waterside scene. Secure the aperture in place using magnets to hold it steady while you work.

4

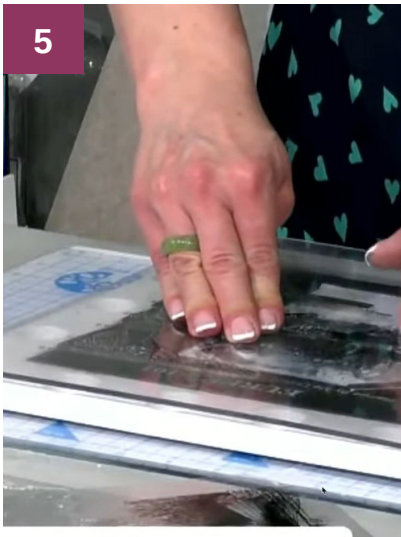

STAP 4 VAN 12

Use a blending brush to lightly blend ink around the edge of the aperture circle to create a soft, circular focal point. Work gently to build up the colour gradually.

5

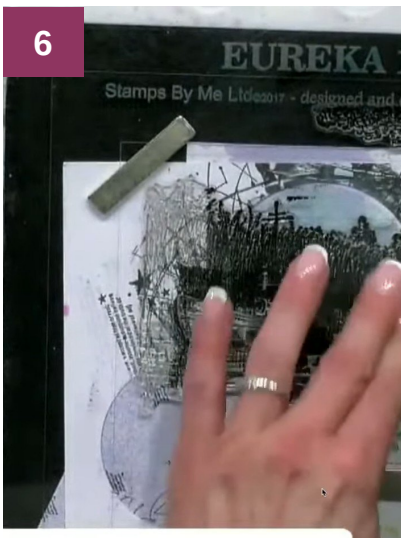

STAP 5 VAN 12

Position the Waterside stamp through the circular aperture, slightly offset so only part of the boat image will be visible. Stamp the image through the aperture onto the card below.

6

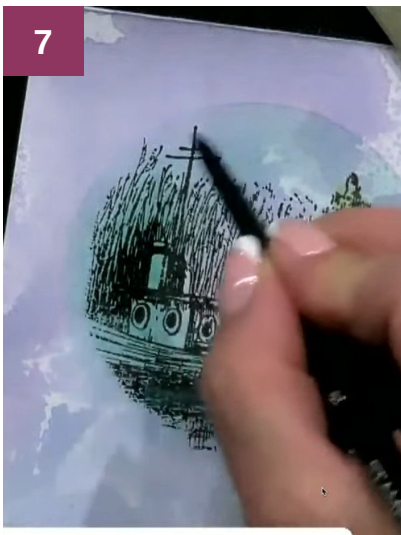

STAP 6 VAN 12

Apply fingertip pressure over the two aperture layers to ensure the stamp transfers properly to the card. Press firmly across the entire stamped area to achieve a clear, complete image.

7

STAP 7 VAN 12

Apply a loose watercolour wash using green tones over the stamped boat and reeds image. Work the colour over the entire stamped area, allowing the wash to blend naturally.

8

STAP 8 VAN 12

Using a darker blue ink or watercolour, add shading to the edges of the circular stamped image to create depth. Focus on the outer edges and around the boat to enhance the dimensional effect.

9

STAP 9 VAN 12

Using a brush or blending tool, add mustard yellow tones to the warmer areas of the landscape, such as the reeds and foliage, to create depth and warmth in the scene.

10

STAP 10 VAN 12

Add lilac tones to the background, blending the colours together without washing your brush between applications to create a soft, harmonious colour palette.

11

STAP 11 VAN 12

Use a heat tool or allow the card to dry completely before proceeding to the next step.

STAP 12 VAN 12

Mount the finished circular aperture card onto grey cardstock. Use a black ink pad to add definition around the edges of the card, creating a frame effect.

TIPS UIT DE SHOW

- You don't need expensive watercolour cardstock—a light wash on regular cardstock works well.
- Don't wash your brush between colours; the colour mixture on the brush creates better blended effects.
- Use light colour washes around the edges to maintain transparency and avoid losing the aperture effect.
