TIPS UIT DE SHOW

- If you don't have a stamping platform, you can tape the cardstock in the same place on your mat and use a handle element as a guide to stamp consistently.
- You can use any ink colour you prefer; grey is just one option.
- You can make as many cards as you wish using this technique—two, four, six, eight or more—as long as you keep the stamp in the same position for each piece of cardstock.
