

DIY Top-Folding Note Card from A4 Cardstock

EEN PROJECT UIT ONZE LIVESHOW - CREATE TOGETHER CLUB - 1 NOVEMBER 2022

OVER DIT PROJECT

Create a practical top-folding note card from standard A4 cardstock in a soft pink shade. This simple folding technique allows you to make custom-sized cards when pre-made blanks aren't available, using just a cutting mat, trimmer, and bone folder to achieve crisp, professional folds.

STAP 4 VAN 6

Position the folded grey card onto your card base. You can glue it to the exterior for a visible fold, or attach it to the interior for a neater finish.

STAP 5 VAN 6

Trim away any excess cardstock from the base edges to create clean, even sides. Use a paper trimmer or scissors to ensure straight cuts and a neat finish.

STAP 6 VAN 6

If you glued the fold to the interior of the card, layer a piece of white cardstock inside to hide any visible markings or joins.

TIPS UIT DE SHOW

- You can score the cardstock at any distance from the top edge depending on your preferred card proportions.
- Gluing the fold to the interior and covering with white cardstock creates a more finished appearance.
