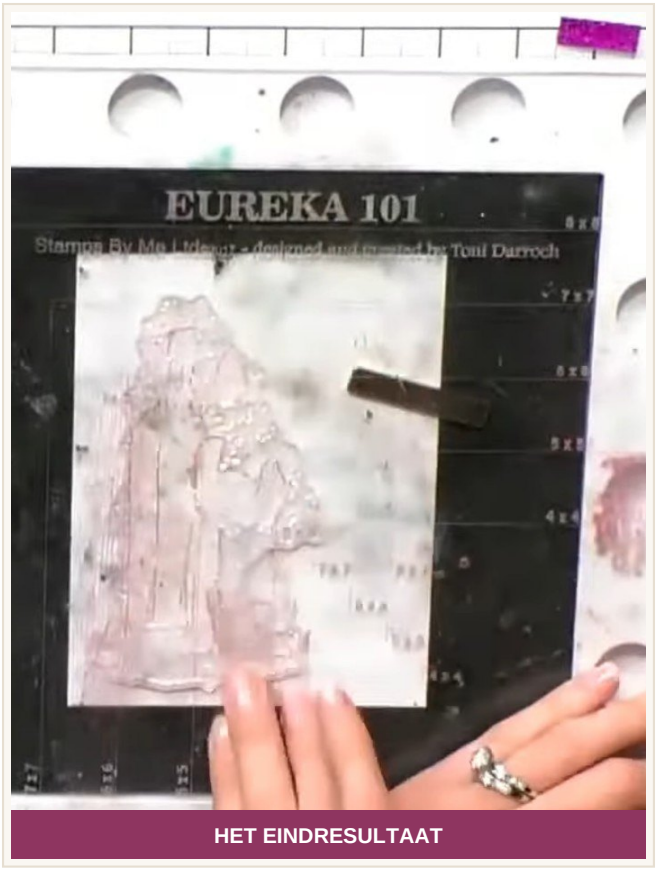
Wijnflessenkaart met embossingpoeder

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 12 OKTOBER 2022



HET EINDRESULTAAT

OVER DIT PROJECT

Create a striking wine-themed celebration card featuring a purple wine bottle and glass with splatter effects. Using lamination stamps and embossing powder, you'll achieve a glossy, dimensional finish that adds sparkle and texture to your design. This technique demonstrates how to use embossing powder as an alternative to watercolour for bold, eye-catching results.

STAP VOOR STAP

1

STAP 1 VAN 7

Using a sticky ink pad, stamp the solid wine bottle image from the Celebrate stamp set onto white cardstock. Position the stamp centrally on your card panel.

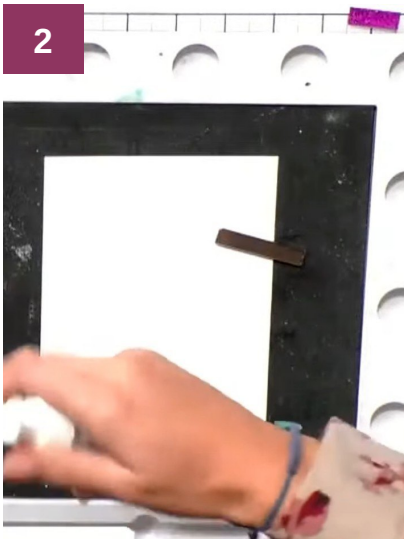
2



STAP 2 VAN 7

Dust the inked stamp generously with embossing powder, ensuring complete coverage of all the stamped detail.

BEKIJK DEZE STAP - 21:15

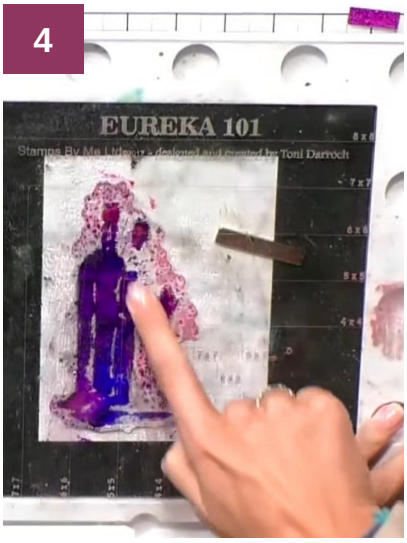
3

STAP 3 VAN 7

Tap off the excess embossing powder back into the pot. Use an anti-static bag to remove any remaining loose powder from the stamped image.

BEKIJK DEZE STAP - 21:30

4

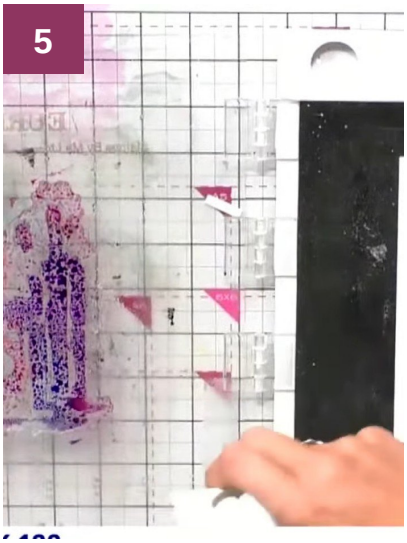


STAP 4 VAN 7

Heat the embossing powder with a heat gun, holding it at a distance and moving it around until the powder melts and becomes glossy. The purple embossing powder will transform into a shiny, raised finish.

BEKIJK DEZE STAP - 21:45

5



STAP 5 VAN 7

Once the embossed wine bottle has cooled, line up the outline stamp from the same set and stamp it directly over the solid embossed portion using black ink. This creates a detailed outline around the purple embossed wine bottle image.

BEKIJK DEZE STAP - 22:00

6

STAP 6 VAN 7

Heat emboss the outline stamp using your heat tool to create a coordinated sparkly finish. Apply the embossing powder to the stamped image and heat until the powder melts and creates a raised, glossy effect.

BEKIJK DEZE STAP - 22:15

7

STAP 7 VAN 7

Mount the finished wine bottle design onto your chosen cardstock base using adhesive. Position it centrally to create a professional-looking card. Your embossed wine bottle card is now complete.

BEKIJK DEZE STAP - 22:30

TIPS UIT DE SHOW

- Heat your gun as hot as possible to avoid lumps and bumps in the embossing.
- You can mix and match sentiments from the set—for example, use 'drink drank drunk' with the wine bottle design for humour.
