STAP 2 VAN 7

Dust the freshly stamped image with sparkly embossing powder, ensuring the powder adheres to the wet ink. Tap off any excess powder to leave a clean coating on the stamped design.

STAP 3 VAN 7

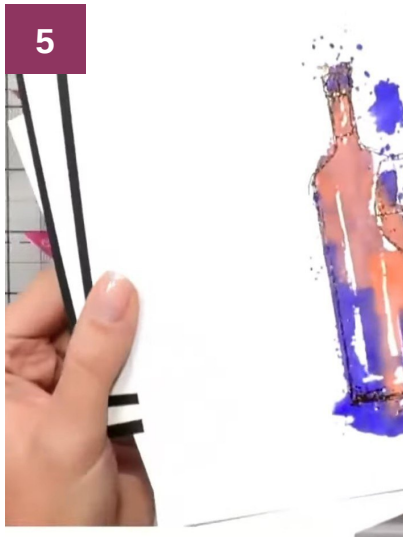

Tap off the excess embossing powder from your stamped image. Use an anti-static bag to gently wipe away any remaining loose particles from the card surface.

STAP 4 VAN 7

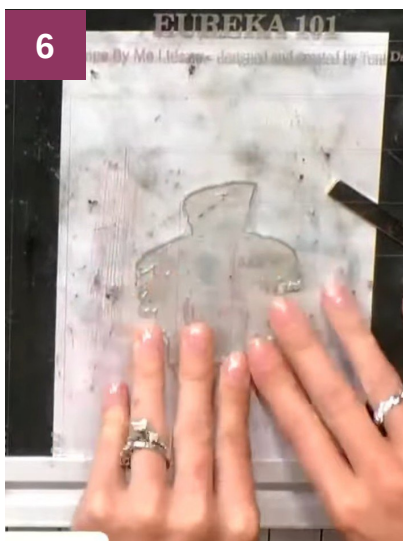

Heat set the embossing powder using a heat gun, moving it over the design until the powder melts and becomes glossy and smooth. Keep the heat gun moving to avoid scorching the card.

STAP 5 VAN 7

Once the embossed image has cooled completely, carefully line up the outline stamp from the same set and stamp it over the embossed solid portion using black ink. This creates a defined edge around the dress and figure.
