

Watercolour Lamination Stamp Card with Embossed Detail

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 26 SEPTEMBER 2022

OVER DIT PROJECT

Create a striking card using a two-part lamination stamp featuring a lady in an elegant gown. You'll layer vibrant watercolour effects in pink, orange and red tones, adding depth with ink, water spray and optional embossing. The finished piece combines beautiful watercolour blending with dimensional stamped detail for a sophisticated handmade card.

Optional: Run the finished card through an HD 3D embossing folder to add texture and dimension to the design. Feed the card through your die-cutting machine with the embossing folder to create a raised pattern across the surface.

TIPS UIT DE SHOW

- The solid portion of the stamp is black on the carrier sheet, showing you where to apply colour
- Watercolour card gives a different result than regular card stock, with ink sitting on the surface longer
- Don't worry about precise colour application; the watercolour effect works best with a loose, experimental approach
