

Spring Blooms Layered Stencil Card with Selective Colouring

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 16 SEPTEMBER 2022

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant spring flower card featuring delicate blooms with soft pink accents and green foliage. Using layered stencils, you'll build up a sophisticated white flower design with selective colouring for subtle depth and dimension. This technique demonstrates how to control colour intensity by choosing which stencil layers to use, resulting in a refined and contemporary handmade card.

STAP VOOR STAP

1

STAP 1 VAN 7

Stamp the spring blooms design onto white cardstock using a black ink pad to create the flower outline. Press the stamp firmly to ensure a clear, crisp impression of the flowers and foliage.

2

STAP 2 VAN 7

Position the second stencil layer over your stamped flower image, aligning it roughly with the flowers. This will allow you to add colour to specific areas whilst skipping the first stencil layer.

3

STAP 3 VAN 7

Take a very small amount of magenta pink ink on your brush and gently stencil through the flower areas to create a subtle highlight on the yellow blooms.

4

STAP 4 VAN 7

Reposition stencil two over your card if needed. Using the magenta ink pad, add slightly more pink colour to build the intensity gradually on the flower petals.

5

STAP 5 VAN 7

Position stencil three over your card and apply green ink around the flower petals to create foliage. Use a light touch to build up the colour gradually.

6

STAP 6 VAN 7

Die-cut the stamped flower design using the complementary outline die from the Poppy Bouquet set to create a clean edge around the floral image.

7

STAP 7 VAN 7

Add embellishments such as sparkle or glitter to enhance your finished card if desired. You can also add additional details with coloured dots or other decorative elements to complete your spring blooms design.

TIPS UIT DE SHOW

- You can skip stencil layers entirely—there are no rules; use only the stencils you want.
- Take very little ink on your brush for subtle, delicate colour effects on white flowers.
- Stencils work beautifully on their own without the stamp, die or embossing folder if you prefer.
