

A6 Cutout Butterfly Wing Card with Contrast Background

EEN PROJECT UIT ONZE LIVESHOW - FUNKY TUESDAY - 30 AUGUSTUS 2022

OVER DIT PROJECT

Create a stunning landscape A6 side-folding card featuring a beautiful floral butterfly design. The butterfly wing is heat-embossed in metallic copper tones and carefully cut around the edge to create an eye-catching shaped card front. The cut-away design reveals a contrasting deep inky blue background paper behind, making the delicate butterfly wing appear to pop forward from the card.

STAP VOOR STAP

1

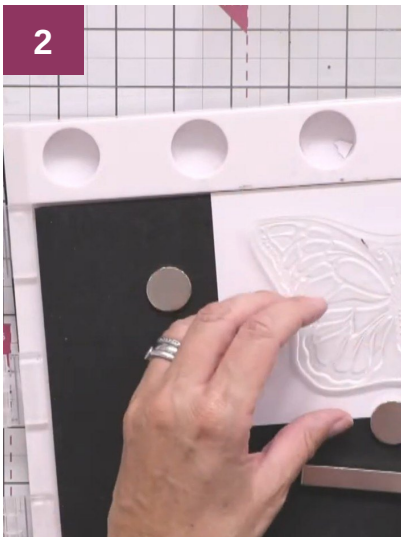

STAP 1 VAN 12

Take an A6 landscape card panel and position it horizontally on your craft mat.

2

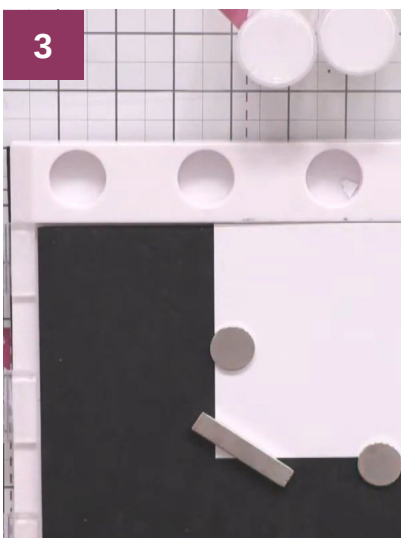

STAP 2 VAN 12

Stamp the large floral butterfly image from the Blooming Butterfly Bundle towards the right-hand edge of the white card using Versafine Claire ink in Acorn. Position the stamp so that the decorative wing will form the card edge when cut out.

3

STAP 3 VAN 12

Dust the stamped image with anti-static powder using an embossing pad or brush to prevent unwanted sticking during heat embossing.

[BEKIJK DEZE STAP - 53:00](#)

STAP 4 VAN 12

Heat emboss the butterfly stamp in the centre of your card using WOW Perfection embossing powder and a heat tool for a matte finish.

[BEKIJK DEZE STAP - 54:00](#)

STAP 5 VAN 12

Apply Be Bold glitter embossing powder to the outer edges of the butterfly wings. Heat emboss to set the powder and add sparkle and dimension to the design.

[BEKIJK DEZE STAP - 54:45](#)

STAP 6 VAN 12

Using a ruler and pencil, draw a line down the centre of the butterfly image to mark where you will cut the card front.

STAP 7 VAN 12

Using large scissors, cut away the card panel on either side of your drawn line, following the shape of the butterfly wing to create an unusual decorative edge.

[BEKIJK DEZE STAP - 58:15](#)

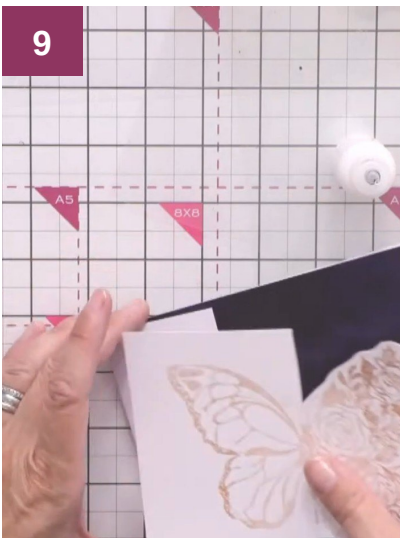

8

STAP 8 VAN 12

Cut a piece of the shibori paper (inky blue) to fit behind the cutout butterfly wing area. Use adhesive to attach it to the back of the card front.

[BEKIJK DEZE STAP - 59:30](#)

9

STAP 9 VAN 12

Adhere the blue shibori paper to the back of your card panel so it shows through the cutout butterfly wing. This creates contrast and makes the wing pop forward against the dark background.

STAP 11 VAN 12

Add the black and white words washi tape to the inside or back of the card as a sentiment. The white cardstock provides contrast so the words show through clearly.

STAP 12 VAN 12

Optionally colour the butterfly wings using rich blue confetti inks to add depth and complement the dark background paper.

TIPS UIT DE SHOW

- Position your butterfly image towards the edge of the card rather than centring it, so that when you cut around the wing, it creates an interesting shaped card edge.
- Using contrasting background paper behind a cutout element makes the detail really stand out and gives your card visual impact.
- You can use the black and white words washi tape as a quick sentiment without needing to stamp or write anything additional.
