Sunflower Embossed Corner Design Card

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 9 AUGUSTUS 2022

OVER DIT PROJECT

Create a striking card using the sunflower embossing folder cut into quarters and arranged as decorative corners. This project shows how to break up an embossing folder design to create abstract, dimensional accents rather than using it as a full focal point.

TIPS UIT DE SHOW

- Don't think of embossing folders as just sterile images—cut into them and utilise elements creatively.
- The colour sits naturally in the deep embossed lines, creating a beautiful effect without needing to be precise.
- You can use embossing folders in non-traditional ways, such as breaking them up into corners rather than using them as a full focal point.
