## STAP VOOR STAP

---

**1****STAP 1 VAN 13**

Prepare a piece of blue cardstock cut to the correct width for your card, leaving a tab at the edge for handling during embossing.

**BEKIJK DEZE STAP - 29:30****2****STAP 2 VAN 13**

Stamp the large fireworks background stamp onto the blue card using an embossing ink pad, applying firm pressure to capture all the detail.

**BEKIJK DEZE STAP - 30:00****3****STAP 3 VAN 13**

Sprinkle green, pink and blue embossing powders randomly across different areas of the stamped fireworks design.

**BEKIJK DEZE STAP - 31:00****4****STAP 4 VAN 13**

Tip off excess embossing powder and heat set the design with a heat gun, moving it continuously to activate all the powders evenly.

**BEKIJK DEZE STAP - 32:00****5****STAP 5 VAN 13**

Trim the embossed panel to the correct size and mount it onto a red glitter cardstock background, leaving a white border on the outer edge.

**BEKIJK DEZE STAP - 35:30****6****STAP 6 VAN 13**

Cut a hill shape from green cardstock matching the width of your card base.

**BEKIJK DEZE STAP - 37:45****7****STAP 7 VAN 13**

Shade the base of the hill with darker green ink and blend upwards to create a shadow effect, leaving the top lighter.

**BEKIJK DEZE STAP - 38:30**

**8****STAP 8 VAN 13**

Stamp the elephant with umbrella onto grey cardstock using black Versafine ink, applying firm pressure on textured cardstock.

[BEKIJK DEZE STAP - 39:30](#)**9****STAP 9 VAN 13**

Fussy cut around the elephant character using scissors, working carefully around legs, trunk and body whilst turning the card rather than your scissors.

[BEKIJK DEZE STAP - 41:00](#)**10****STAP 10 VAN 13**

Mount the green hill onto the embossed background using foam pads, positioning it at the bottom.

[BEKIJK DEZE STAP - 43:15](#)**11****STAP 11 VAN 13**

Attach the fussy-cut elephant to the hill using double foam pads to create extra dimension and height.

[BEKIJK DEZE STAP - 44:00](#)**12****STAP 12 VAN 13**

Heat emboss an umbrella canopy onto red glitter cardstock, fussy cut it out, curl the edges gently with your fingers, and mount it above the elephant using a small foam pad in the centre.

[BEKIJK DEZE STAP - 45:15](#)**13****STAP 13 VAN 13**

Stamp the 'Make a Wish' sentiment onto black cardstock, cut it into a quirky shape, mount onto blue card with red glitter backing, and position off-centre on the card using a foam pad.

[BEKIJK DEZE STAP - 47:15](#)**TIPS UIT DE SHOW**

- Don't worry about being subtle with embossing powder colours; clash your blues, greens and reds together for a more effective fireworks look.
- When fussy cutting, turn the card rather than your scissors for easier navigation, and don't worry about losing small details like hair or tail.
- Curl the umbrella canopy edges with your fingers to create a raised, dimensional effect that looks like it's protecting the elephant.
