

Magnolia Garden Quattro Layered Stencil Card

EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 21 NOVEMBER 2025

OVER DIT PROJECT

Create a stunning layered card featuring delicate magnolia flowers in soft pink and blue tones. Using the Quattro stencil system, you'll build up colour in four stages to achieve beautiful depth and dimension. The design is finished with die-cut shamfered edges and embossed details for an elegant, professional result.

Stamp the border detail from the two-part stamp set using black ink, carefully lining up each section separately to create a continuous border around your card.

7

STAP 7 VAN 9

Run the die-cut through your machine to pop out all the cream background pieces, keeping the plate connected to avoid cutting through completely.

8

STAP 8 VAN 9

Place the die-cut piece into the Geometric Leaves embossing folder, ensuring it is properly aligned. Run through your die-cutting machine to create the chamfered edge detail on the piece.

9

STAP 9 VAN 9

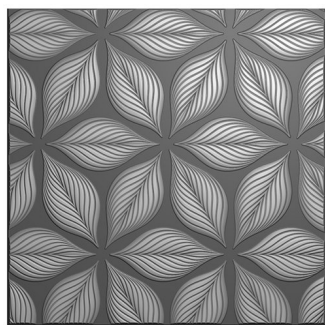

Using a guillotine or trimmer, carefully trim around the chamfered edge of the embossed panel to reveal the full embossed detail and create a neat finished edge.

TIPS UIT DE SHOW

- You don't need multiple ink pad shades; apply the same colour lightly for layer one, then press harder for layer two to create depth.
- The four-stage process works the same for all Quattro designs like Paris Tower or Rocking Around Santa.
- You can use sparkly card or patterned paper behind the die-cut pieces so it shows through proudly.
