STAP VOOR STAP

1**STAP 1 VAN 12**

Gather your card blank and off-cut pieces of cardstock in contrasting colours (pink, white, yellow). Arrange them as your base layers.

[BEKIJK DEZE STAP - 13:30](#)**2****STAP 2 VAN 12**

Place all components into your cutting machine to hold them in position, or secure with low-tack tape.

[BEKIJK DEZE STAP - 15:00](#)**3****STAP 3 VAN 12**

Ink up your stamp with black ink and press it firmly over all the layered pieces, ensuring the stamp reaches into all the crevices and different levels.

[BEKIJK DEZE STAP - 16:00](#)**4****STAP 4 VAN 12**

Re-stamp the image a second time to deepen the colour and ensure good coverage across all the layers.

[BEKIJK DEZE STAP - 17:30](#)**5****STAP 5 VAN 12**

Cut out the stamped girl image, keeping the fussy cutting simple by trimming away excess background rather than following every hair strand precisely.

[BEKIJK DEZE STAP - 19:00](#)**6****STAP 6 VAN 12**

Cut a decorative banner tail from your off-cut cardstock by cutting small triangles at the top corners to create a pointed effect.

7**STAP 7 VAN 12**

Wrap shiny cord or twine around the banner tail multiple times, then tie it off at the back to create a bow with long decorative legs.

[BEKIJK DEZE STAP - 27:00](#)**8****STAP 8 VAN 12**

Apply foam pads to the back of your main layered panel and position it on your card base, ensuring everything is level and straight.

[BEKIJK DEZE STAP - 29:30](#)**9****STAP 9 VAN 12**

Glue down the banner tail with the bow, positioning it where you want the focal point to be.

[BEKIJK DEZE STAP - 33:00](#)**10****STAP 10 VAN 12**

Layer your cut-out girl images onto the card, positioning them to overlap the banner and create dimension.

[BEKIJK DEZE STAP - 35:00](#)**11****STAP 11 VAN 12**

Add your sentiment strip across the card in black, positioning it to work with your design layout.

[BEKIJK DEZE STAP - 39:00](#)**12****STAP 12 VAN 12**

Manipulate the twine bow legs by twisting and bending them to create a curved, dimensional effect down the side of the card.

[BEKIJK DEZE STAP - 42:00](#)**TIPS UIT DE SHOW**

- You don't have to fussy cut precisely around every detail like hair; keep it simple by trimming away larger sections.
- Don't stick everything together until you've positioned all your pads and are satisfied everything is level.
- The shiny cord can be manipulated by twisting it around your finger to create curled legs for the bow.
