Gelaagde sjabloonkaart met Lovely Lily

EEN PROJECT UIT ONZE LIVESHOW - CREATE AND CRAFT - 3 JUNI 2022

OVER DIT PROJECT

A vibrant, multi-coloured lily card using the Lovely Lily stencil set with three layers. The technique demonstrates how changing colours between layers and using different positioning creates a dynamic, three-dimensional flower that appears to pop from the page.

TIPS UIT DE SHOW

- Follow the natural lines of the stencil design when pouncing to maintain the 3D appearance.
- Be gentle with intricate areas—pouncing rather than dragging prevents damage to delicate elements.
- You can create multiple different-looking lilies by changing the colour combinations and stamen positions.
