HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant 4x4x4 inch decorative gift box using vintage-style patterned papers in cream, brown and floral designs. This clever glueless construction uses rivets to secure the box, with a coordinating envelope-style flap closure. The finished piece features beautiful layered papers and makes a charming presentation for small gifts or keepsakes.

TIPS UIT DE SHOW

- Try the board on a piece of scrap paper first before using your best card stock.
- Take your time with the hook and eye closure system as it can pop back out—be patient and don't rush.
- You can make boxes as small as 1.75 inches to fit chocolates, or larger sizes like this 4x4x4 box.
