

Stag with Interchangeable Antlers and Lights Card

EEN PROJECT UIT ONZE LIVESHOW - HSN PRODUCT INSPIRATION - 1 SEPTEMBER 2026

HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning festive card featuring a dimensional stag with interchangeable antlers decorated with sparkling lights. This luxury design uses rich browns, golds and reds against a dramatic dark woodland background with pine cones and berries. The main techniques include die-cutting, layering dimensional elements, and weaving decorative lights through the antlers for a glamorous finish suitable for any recipient.

8

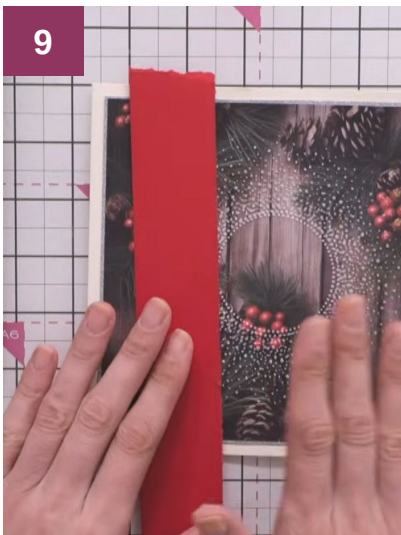

STAP 8 VAN 9

Layer the larger antler die-cuts on top of the smaller ones using foam pads to add dimension. Position them carefully to create a layered effect on the stag's antlers.

STAP 9 VAN 9

Mount the completed stag panel onto a red card base. Use foam pads to add dimension and secure the panel in place.

TIPS UIT DE SHOW

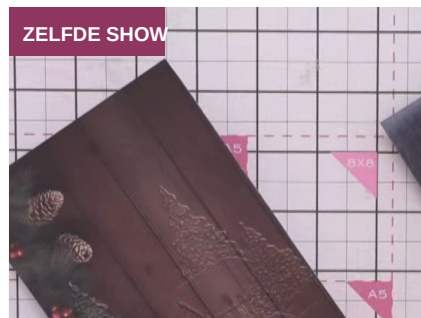

- You do not have to use the larger antlers; the basic stag works beautifully on its own.
- The lights and berries are optional; you can create a clean, simple card without them.
- Double pad the stag if you have already padded the background panel to keep everything level.
