Striped Stencil Background with Ombre Ink Technique

EEN PROJECT UIT ONZE LIVESHOW - BRAND SHOWCASE IN THE HTCN STUDIOS - 25 FEBRUARI 2022

OVER DIT PROJECT

A simple background technique using the sailor stripe stencil with two complementary ink colours applied in layers. You create an ombre effect by moving the stencil down slightly and adding a darker shade, building depth and visual interest without covering the entire stencil.

TIPS UIT DE SHOW

- Do not apply the stencil tape to a glass surface; use a wooden craft desk instead.
- You do not need to use the entire stencil—add colour as small accents rather than covering the whole design.
- Stencils can be used in multiple ways: embossed, run through machines, stamped through, or layered with texture paste.
