OVER DIT PROJECT

Create a sophisticated card using a large floral stamp with coordinating sentiments, featuring clear and gold embossing in opposite corners. This design demonstrates how to use the same stamp in different ways and colours to create a cohesive, themed card with elegant corner details.

TIPS UIT DE SHOW

• The stamp cleaning cloth has a textured side for getting into nooks and crannies on stamps, and a smooth side for general cleaning.
• The cloth dries out completely when stored in its tube, which prevents bacteria growth and odours; simply rehydrate with water when you need to use it again.
• You can create a coordinated set of cards by using the same stamp in different corners and with different embossing colours to keep a theme consistent.
