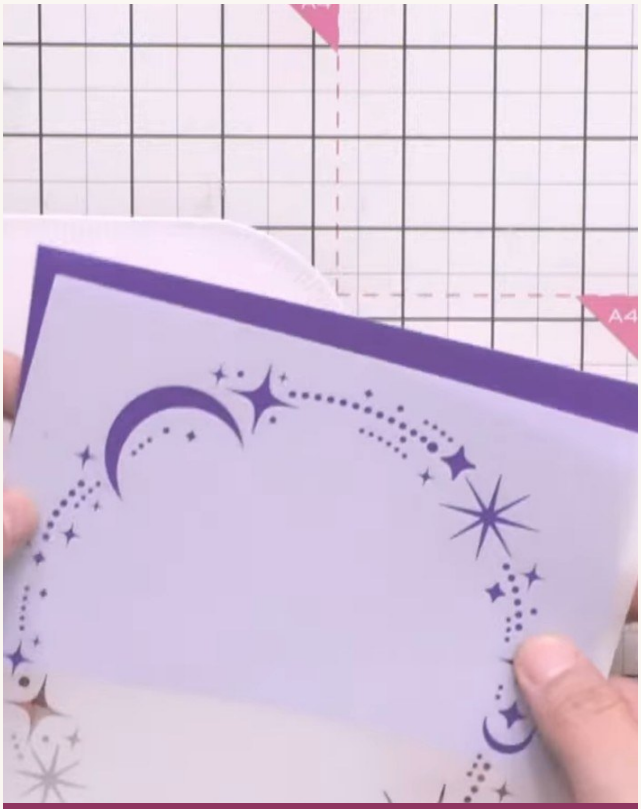
Shaped Card with Stencilled Background and Gnome Character

EEN PROJECT UIT ONZE LIVESHOW - MEER INSPIRATIE - 10 OKTOBER 2025



HET EINDRESULTAAT

OVER DIT PROJECT

Create a festive shaped card featuring a whimsical gnome scene with a magical purple door and sparkly stencilled background. This project combines waist-free die cutting to create an unusual card silhouette, dimensional stencilling techniques for texture and shimmer, and charming gnome characters for a delightful Christmas design. The finished card showcases purple and pastel tones with glittery accents and a winter wonderland theme.

TIPS UIT DE SHOW

- You can overhang the die just slightly over the card hinge to create a shaped card without needing a second panel on top.
- Stencils can be used around the edges of cards rather than covering the whole surface.
