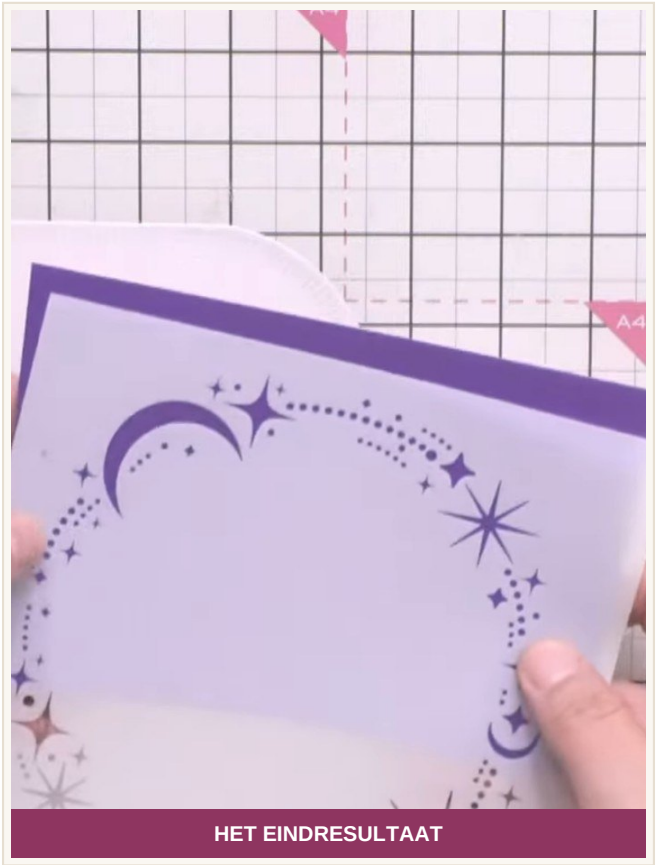
Stencilled Background with Gnome Character Card

EEN PROJECT UIT ONZE LIVESHOW - MEER INSPIRATIE - 10 OKTOBER 2025



HET EINDRESULTAAT

OVER DIT PROJECT

Create a charming festive card featuring a whimsical gnome character in Santa's sleigh pulled by a reindeer, set within a decorative purple frame. The design includes a magical crystal cave background with pink and purple hues, surrounded by stars and seasonal embellishments. This project uses stamping, colouring, and stencilling techniques to create a dimensional scene with cut-out characters.

TIPS UIT DE SHOW

- You can use the stencil on smaller cards by positioning it around the edges rather than trying to centre it.
- Layer the stencilled elements with different colours and sparkly pastes for depth.
- The shaped die-cut cards create visual interest without needing additional panels on the front.
