EEN PROJECT UIT ONZE LIVESHOW - STAMPING TECHNIQUES - 22 DECEMBER 2021

OVER DIT PROJECT

Create a stunning 3D owl card using heat embossing techniques with an ornate owl stamp design. The card features a white heat-embossed owl on craft cardstock, layered with a black card base and white insert, finished with dimensional padding and hand-drawn details for a realistic flying effect.

STAP VOOR STAP

1**STAP 1 VAN 14**

Prepare your craft-coloured cardstock and use an anti-static tool on the area where you'll stamp to prevent powder particles from sticking to unwanted areas.

[BEKIJK DEZE STAP - 1:15](#)**2****STAP 2 VAN 14**

Ink up the large ornate owl stamp design and press firmly onto the craft cardstock, going over it twice to ensure all the deeply etched details are picked up clearly.

[BEKIJK DEZE STAP - 1:30](#)**3****STAP 3 VAN 14**

Pour white embossing powder onto the wet stamped design, covering it completely.

[BEKIJK DEZE STAP - 2:15](#)**4****STAP 4 VAN 14**

Flick off any excess embossing powder from the cardstock.

[BEKIJK DEZE STAP - 2:30](#)**5****STAP 5 VAN 14**

Heat set the design with an embossing heat gun, holding it at a distance and moving it around until the powder melts and becomes shiny and bright.

[BEKIJK DEZE STAP - 2:45](#)**6****STAP 6 VAN 14**

Stamp the sentiment 'freedom is being you without anyone's permission' in black ink onto the craft cardstock below the owl design.

[BEKIJK DEZE STAP - 4:00](#)**7****STAP 7 VAN 14**

Carefully cut around the owl image with scissors using detailed cuts to accentuate the outline.

8**STAP 8 VAN 14**

Use a white gel pen to highlight certain areas of the owl's wings and details to enhance the dimensional effect.

BEKIJK DEZE STAP - 5:00**9****STAP 9 VAN 14**

Gently curl and lift the owl's wings and tail slightly upwards to create a realistic flying appearance.

BEKIJK DEZE STAP - 5:30**10****STAP 10 VAN 14**

Mount the craft cardstock piece with the white heat-embossed owl and sentiment onto a white insert card.

BEKIJK DEZE STAP - 5:45**11****STAP 11 VAN 14**

Adhere the white insert card onto a black folded note card base.

BEKIJK DEZE STAP - 6:00**12****STAP 12 VAN 14**

Apply a foam pad behind the body of a second heat-embossed owl layer and position it slightly offset on top of the first owl to create a 3D shadow effect.

BEKIJK DEZE STAP - 7:00**13****STAP 13 VAN 14**

Gently nip and twist the wings of the top owl layer for added dimension.

BEKIJK DEZE STAP - 7:15**14****STAP 14 VAN 14**

Use a white gel pen to add small white dots in clusters of three around the owl to fill open spaces and add detail.

TIPS UIT DE SHOW

- Use an anti-static tool before stamping to keep embossing powder neat and prevent it sticking to unwanted areas.
- The hotter your embossing heat gun, the fewer lumps and bumps you'll get in your finished design.
- Always heat set your embossing powder or it will brush off the cardstock.
