Washi Tape Patterned Background with For You Die-Cut Card

EEN PROJECT UIT ONZE LIVESHOW - CATCH UP WITH TONI FOR A FRIDAY LAUNCH IN THE HTCN STUDIO BROADCAST...

OVER DIT PROJECT

Create a layered card using pre-cut washi tape strips to build a colourful patterned background, then die-cut the word 'For You' through the design. The result is a clean, modern card with hidden dimension where the die-cut word reveals the pattern beneath.

TIPS UIT DE SHOW

- You can raise the die-cut words on foam pads to create a hidden message that only appears when you tilt the card.
- If the die doesn't cut cleanly on the first pass, run it through the machine again rather than forcing it.
- Consider leaving one letter out (such as the 'o') to give a subtle hint that there is a hidden word in the design.
