# Shaped Fairy Wing Card with Traditional Borders

EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 3 OKTOBER 2025

HET EINDRESULTAAT

OVER DIT PROJECT

Create an elegant shaped card featuring a beautiful fairy illustration with delicate wings that are cut out to reveal layers beneath. Using traditional decorative border dies, you'll score and fold the card to add dimension, then layer patterned papers and fussy-cut elements to build a whimsical three-dimensional design in soft neutrals and golds.

## TIPS UIT DE SHOW

- The traditional borders die has a shamfered edge detail with both thin and thicker lines, creating a classic elegant look.
- You don't have to fussy cut the fairy—you can use preprinted elements from your paper pad instead.
- The die works beautifully for creating shaped cards that stand out from standard rectangular designs.
