Watercolour Floral Card with Blooming Marvellous Stamp

EEN PROJECT UIT ONZE LIVESHOW - CATCH UP WITH TONI FOR A THURSDAY LAUNCH IN THE HTCN STUDIO...

OVER DIT PROJECT

Create a loose, artistic watercolour-effect card using the two-part lamination stamp. Stamp the solid colour portion first with water spray, then layer the outline stamp to achieve a painted, impressionistic look with soft colour bleeding.

TIPS UIT DE SHOW

• The less water you use, the more precise the design will be; more water creates a looser, more watercolour effect.
• Use the packaging as a guide to see where the second stamp layer should align.
• You can enhance the design afterwards with a white gel pen or black fine liner to add details or borders.
