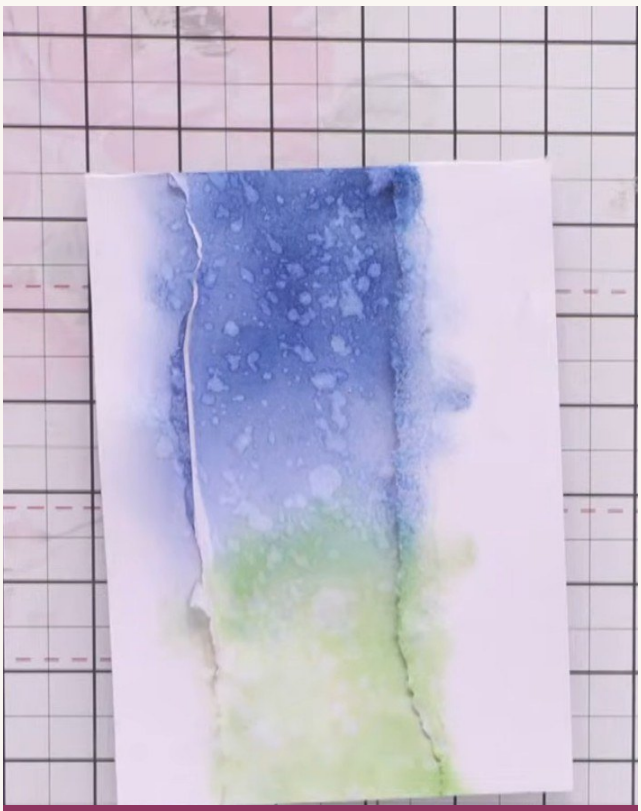
Inky Blended Background with Boat Stamp Card

EEN PROJECT UIT ONZE LIVESHOW - THE THURSDAY DROP - 27 AUGUSTUS 2026



HET EINDRESULTAAT

OVER DIT PROJECT

Create a striking card featuring a serene boat scene with an inky blended background. Using water and tissue resist techniques, you'll achieve soft colour gradients in blues and greens that transition beautifully across the panel. The stamped boat silhouette with its reflection creates a peaceful focal point against the textured, atmospheric background, finished with an inspirational sentiment.

STAP VOOR STAP

STAP 1 VAN 12

Tear a piece of scrap card stock to create an irregular edge. Position this torn edge on your white A4 card base to mask off an area, creating an organic border for your background panel.

STAP 2 VAN 12

Apply low-tack tape along the edges of your torn vellum panel to hold it in place temporarily on the grid mat.

STAP 3 VAN 12

Blend blue ink onto the white card using a blending brush, working from the top downwards. Create a darker concentration of colour at the top, gradually fading towards the bottom of the card.

STAP 4 VAN 12

Begin blending green ink into the lower portion of the card, working it upwards to create a smooth transition from the blue sky area into the green landscape below.

BEKIJK DEZE STAP - 33:45

5

STAP 5 VAN 12

Spritz the inked panel with water using a spray bottle to activate and spread the inks. Allow the water to blend the colours naturally. Let the ink settle and tidy up any excess water.

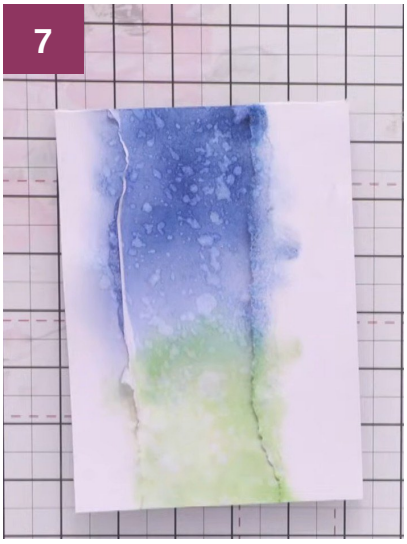
6

STAP 6 VAN 12

Dab the wet inked panel with tissue to lift some of the colour and create a resist effect. This will add texture and definition to your blended background.

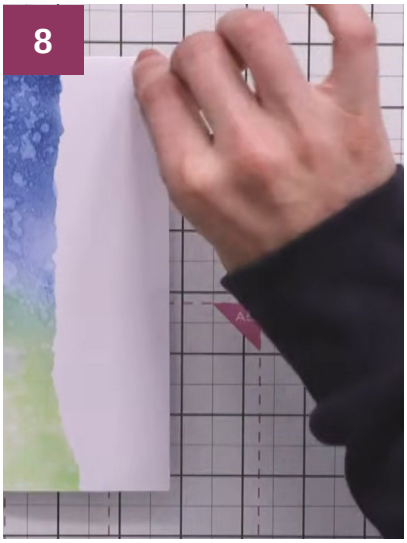
BEKIJK DEZE STAP - 36:15



STAP 7 VAN 12

Heat dry the inked panel with a heat gun, holding it a few inches away and moving it continuously until the ink is completely dry.

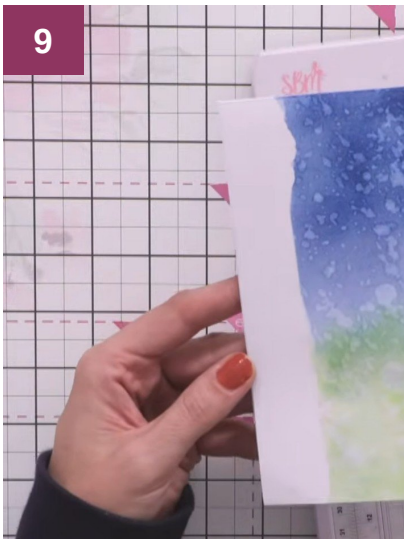
BEKIJK DEZE STAP - 36:45



STAP 8 VAN 12

Carefully remove the low-tack tape from the edges of your blended panel to reveal clean, crisp borders.

BEKIJK DEZE STAP - 37:00

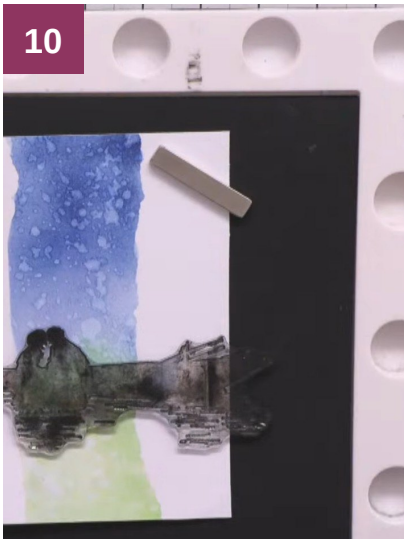


STAP 9 VAN 12

Trim the inked panel down to size using a guillotine or craft knife. The panel can be oriented in landscape or portrait format.

BEKIJK DEZE STAP - 37:30

10

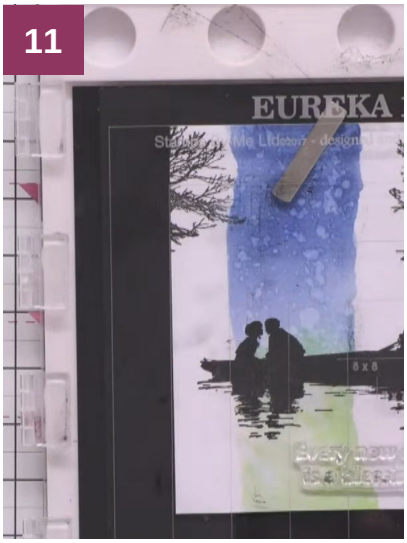


STAP 10 VAN 12

Stamp the boat image from the Reflection Stamp set in black ink onto the lower portion of the panel, positioning it across the green water area.

BEKIJK DEZE STAP - 39:00

11

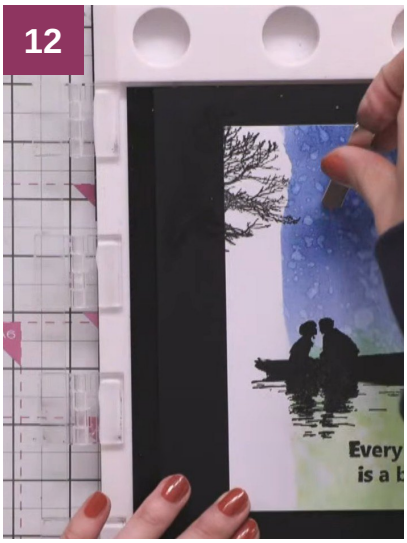


STAP 11 VAN 12

Apply clear embossing powder to the stamped boat image. Heat set the embossing powder using a heat gun until the powder melts and creates a glossy finish.

BEKIJK DEZE STAP - 42:00

12



STAP 12 VAN 12

Using a blending brush with black ink, add a subtle vignette around the edges of the card to frame the design and create depth.

TIPS UIT DE SHOW

- Don't worry if the blended inks look messy at first—the water and tissue resist will create definition.
- Trust the process when blending inks; it will look better once you add water and heat dry it.
- Use clear embossing powder to seal and add shine to your stamped images.
