Black Cardstock Boat Card with Embossed Detail

EEN PROJECT UIT ONZE LIVESHOW - THE FRIDAY FINAL CUT - 6 NOVEMBER 2026

HET EINDRESULTAAT

OVER DIT PROJECT

Create a striking boat card on black cardstock with white pigment ink stamping and clear embossing for a sophisticated, high-contrast finish. The embossed detail creates a glass-like dimensional shimmer that makes the nautical design truly stand out. This elegant technique transforms a simple stamp into a dramatic, contemporary greeting card.

TIPS UIT DE SHOW

- Pigment ink has an oil base and stays wet longer than dye-based ink, so sealing it with clear embossing powder makes it almost glass-like and prevents smudging.
- You may need to stamp multiple times with pigment ink to build up sufficient white colour on dark cardstock.
