

Demonstrating Frames from Stitched Square Nesting Die

EEN PROJECT UIT ONZE LIVESHOW - ONE DAY SPECIAL - 11 SEPTEMBER 2025

OVER DIT PROJECT

Create a stunning set of nested square frames using a stitched square nesting die. This demonstration shows how to cut all ten pieces in one pass through your die-cutting machine, producing multiple delicate white frames with charming dot-dash stitch detail embossed around each edge. The result is a versatile collection of frames perfect for layering on cards and other papercrafting projects.

TIPS UIT DE SHOW

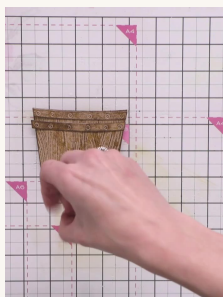

- You can skip frames in the nesting sequence to create shaker card windows or acetate windows.
- Stacking multiple frames together creates thicker, more dimensional pieces for card making.
