STAP VOOR STAP

STAP 1 VAN 9

Select a patterned paper from the Holly & Berry 7 x 7 paper pack. Trim it to size using a guillotine to create your card base.

STAP 2 VAN 9

Die-cut multiple poinsettia petals from the Holly & Berry paper collection, using various shades including red, burgundy and lighter tones. Cut several layers of petals to create dimension for your card design.

STAP 3 VAN 9

Layer the poinsettia petals by pinching the edges and nesting smaller petals inside larger ones to create dimension. Use the burgundy and white petals, building up from larger to smaller pieces.

STAP 4 VAN 9

Create smaller poinsettia flowers using the red and lighter coloured papers from the Holly & Berry collection. Pinch the edges of each petal to add dimension and shape. Cluster these smaller flowers around your main focal poinsettia.

STAP 5 VAN 9

Die-cut skeleton leaf foliage pieces from the Holly & Berry papers. Arrange and layer them as greenery around the base of your poinsettia flowers to create depth and texture.

[BEKIJK DEZE STAP - 1:11:45](#)

STAP 6 VAN 9

Apply glue to the tips of the large pine cone. Dust the glued areas with crystal clear colourless mixed media glitter to create an icy, frosted effect.

[BEKIJK DEZE STAP - 1:12:00](#)

STAP 7 VAN 9

Arrange the poinsettia flowers, greenery and pine cone on your card base. Tuck leaves under elements to create depth and dimension in your design.

[BEKIJK DEZE STAP - 1:14:30](#)

STAP 8 VAN 9

Add gems or glitter to the raised parts of the pine cone and flower centres for extra sparkle and dimension. Allow any glue to dry completely before handling the card.

[BEKIJK DEZE STAP - 1:19:30](#)

STAP 9 VAN 9

Display the completed card with the layered pine cone, foliage, flowers and berries arrangement. The design features a vintage botanical background paper with a teal border, creating an elegant festive card.

TIPS UIT DE SHOW

- Do a ton of die cutting in all different colours at home, then sit and have fun with composition without pressure.
- Don't glue anything until you're happy with placement; take a picture on your phone first to check the design.
- Tuck leaves under things as much as you can to give the arrangement depth and realism.
