

Veelkleurige taartkaart met lamination stamps

EEN PROJECT UIT ONZE LIVESHOW - PRODUCT DEMONSTATION - 29 AUGUSTUS 2025

OVER DIT PROJECT

Create elegant greeting cards featuring vintage teapot and cake stand designs with sophisticated multicoloured stamping. Using lamination stamp sets, you'll layer different ink colours to build rich depth and dimension, finishing with complementary sentiments. The technique demonstrates how to achieve a watercolour effect by combining base colour stamping with detailed overlay work on kraft card blanks.

TIPS UIT DE SHOW

- When using multiple colours on one stamp, ensure the entire stamp surface is covered with ink.
- Paint the shadow around the full base of the cake, not just underneath, to make the image appear flat rather than tilted.
