

Aquarelkaart met boeket van laagjesklaprozen

EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 25 AUGUSTUS 2025

HET EINDRESULTAAT

OVER DIT PROJECT

Create a beautiful layered poppy card featuring rich red blooms and delicate green foliage on a soft pink watercolour background. Using stencils, dies and water-based inks, you'll build up dimensional flowers with realistic depth and artistic splatter effects. The finished piece showcases elegant poppies with a contemporary watercolour style perfect for special occasions.

STAP VOOR STAP

1

STAP 1 VAN 12

Cut a piece of watercolour card stock to your desired card size. You can use a full A5 sheet or trim it to a smaller size as preferred.

[BEKIJK DEZE STAP - 24:30](#)

2

STAP 2 VAN 12

Place your card stock on the craft mat. Position the first poppy stencil layer on top of the card stock, centring it as desired.

[BEKIJK DEZE STAP - 25:00](#)

3

STAP 3 VAN 12

Using a red ink pad, apply ink to the first poppy stencil with a pouncing motion, pressing the pad firmly onto the stencil over your watercolour paper.

[BEKIJK DEZE STAP - 26:30](#)

4

STAP 4 VAN 12

Lightly spray the inked area with water using a spray bottle to create a blended watercolour effect on the stamped poppy design.

[BEKIJK DEZE STAP - 27:00](#)

5

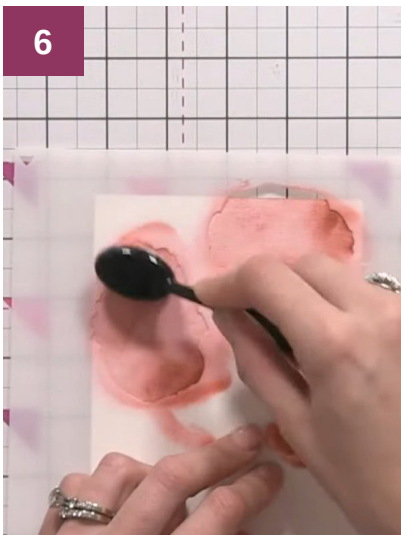

STAP 5 VAN 12

Remove the first stencil carefully. Position the second petal layer stencil on top of your card, aligning it carefully with the first layer.

[BEKIJK DEZE STAP - 27:30](#)

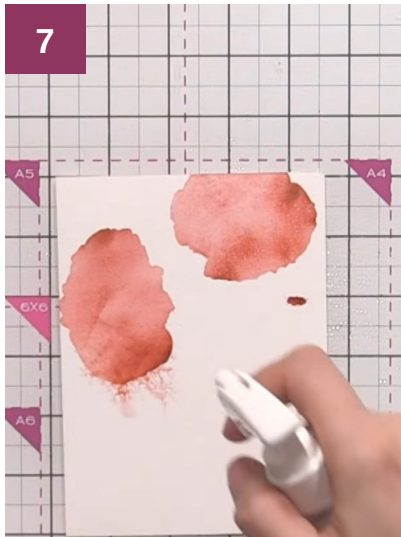

6

STAP 6 VAN 12

Apply red ink to stencil number two using a gentle pouncing technique. Use light dabbing motions to avoid dragging the delicate vein details on the stencil.

[BEKIJK DEZE STAP - 28:00](#)

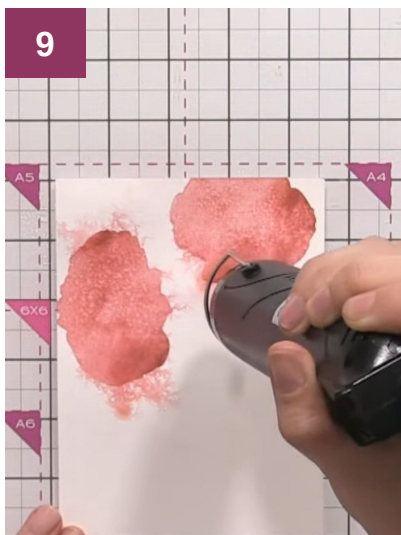

STAP 7 VAN 12

Spray the inked layer lightly with water using a spray bottle. Allow the coral ink to bleed and blend naturally on the watercolour paper, creating a soft watercolour effect.

[BEKIJK DEZE STAP - 28:30](#)

STAP 8 VAN 12

Position stencil number three over your card and apply red ink with a firmer press to create darker tones. Optionally add blue ink on top to create a deep burgundy colour.

[BEKIJK DEZE STAP - 29:00](#)

STAP 9 VAN 12

Position stencil number four over the watercolour background. Press firmly and tap the ink pad onto the stencil, ensuring the colour reaches the detailed centre areas of the poppies.

[BEKIJK DEZE STAP - 30:00](#)

10

STAP 10 VAN 12

Use a light green ink to stamp the stem and bud onto your watercolour paper. Lightly spray with water to create a soft, blended effect.

[BEKIJK DEZE STAP - 31:00](#)

11

STAP 11 VAN 12

Use the green detail stencil to add darker shading to the stem area. Optionally add a touch of blue ink to create additional depth and dimension to the foliage.

[BEKIJK DEZE STAP - 37:00](#)

12

STAP 12 VAN 12

Position the centre stencil from the top corner of stencil four over the poppy petals, aligning carefully. Apply black ink through the stencil to add the poppy centres.

[BEKIJK DEZE STAP - 42:30](#)

TIPS UIT DE SHOW

- If you lose detail by over-saturating the card with water, place the stencil back over the area and apply more colour to bring back the definition.
- Layering stencils are numbered 1, 2, 3 and 4 and can be aligned using the hearts etched in the corners for a seamless lineup system.
- Adding blue ink on top of red creates a deep burgundy tone if your red ink pad is not dark enough on its own.
