

Embossed Tree Card with Mixed Metallic Wax and Ink Swipe

EEN PROJECT UIT ONZE LIVESHOW - MY PODCAST - 4 AUGUSTUS 2025

OVER DIT PROJECT

Create an elegant embossed tree card with a stunning mixed-media finish. Using white card stock, emboss a beautiful floral and tree design, then layer metallic gilding waxes in pink, purple and blue tones before adding definition with a black ink swipe technique. The result is a sophisticated card with raised embossed details and rich, blended metallic colours perfect for special occasions.

TIPS UIT DE SHOW

- The turquoise and other darker waxes show up beautifully on white card, not just on black.
- When swiping with black ink, you're picking up the texture of the embossed design—this creates a dramatic contrast.
- You can layer gilding wax colours and then go over them with ink for even more dimension.
