HET EINDRESULTAAT

OVER DIT PROJECT

Create a stunning greeting card featuring beautifully watercoloured pears with embossed texture and fine stamped details. The pears are hand-painted in soft yellows, oranges and greens with delicate shading to add depth and dimension. This elegant design is mounted on kraft-coloured card stock, combining watercolour blending techniques with embossing and stamping for a professional finish.

STAP 1 VAN 11

STAP 2 VAN 11

Using a clean watercolour brush, wet the entire embossed pear area with clean water. Ensure the water covers all the raised embossed details of the pear and leaves.

STAP 3 VAN 11

Drop watercolour paint onto the wet embossed pear image in multiple colours including pink, orange and yellow. Allow the water to blend the colours naturally on the card.

STAP 4 VAN 11

Using a clean, damp brush, soften any harsh colour lines by blending the edges of the watercolour on your pear design. Work gently to create smooth transitions between colours.

STAP 5 VAN 11

Using a wet paintbrush, add water to the edge of the pear shape. Paint the pear with yellow, orange and pink watercolours, blending the colours together whilst wet.

STAP 8 VAN 11

If detail has been lost from watercolouring, place the stamped card back into the embossing folder and run through the die-cutting machine again to restore the raised texture.

STAP 9 VAN 11

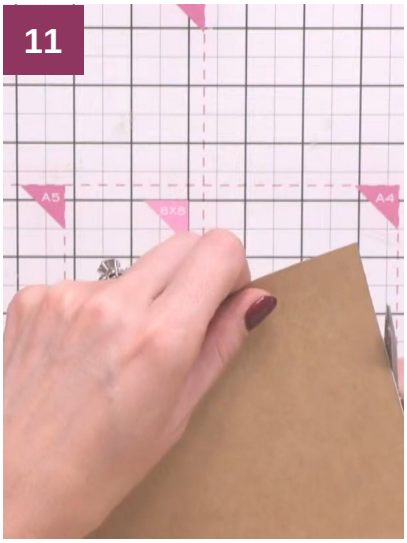
Mount the finished painted and stamped card panel onto a craft-coloured card blank using double-sided tape. Position the panel centrally on the card base.

BEKIJK DEZE STAP - 1:20:00

STAP 10 VAN 11

Cut a strip from the painted card at an angle using a guillotine to create a diagonal design element for your card.

BEKIJK DEZE STAP - 1:20:30



STAP 11 VAN 11

Add a sentiment from the stamp set to the bottom of the card. Use washi tape to mask off the area if desired for precise placement.

TIPS UIT DE SHOW

• Work wet-on-wet with watercolours to allow colours to blend naturally rather than controlling them too precisely.
• If you apply too much colour, use a thirsty brush (water squeezed out) to lift colour back out.
• You can restore embossed detail by running the card back through the embossing folder if it becomes flattened during painting.
